o be advised
Students will plan and carry out an independent research project on a topic of relevance to their legree course. The project will involve a critical review of the relevant literature, setting the objectives of the study, selecting an appropriate theoretical framework and research method, pecifying the research questions, collecting and analysing data, and reporting results in a coherent document. Students must enrol in this subject twice over two consecutive semesters is it comprises one half of a full-year research project.
a literature review (due at the end of the first semester of enrolment - hurdle requirement only, not graded). A minor thesis of not more than 10,000 words -100% (due at the end of the second emester of enrolment).
None
his subject is not available as a breadth subject.
Subject EFTSL, Level, Discipline & Census Date, http://enrolment.unimelb.edu.au/fees
On completion of the subject students will have developed a capacity for critical research and inalysis on a topic relevant to their course of study. On completion of the subject students will have gained the following skills: # Competent use of the library and other information sources; # Critical thinking through analysis of recommended reading, essay writing, and by gauging the strength of an argument; # Time management and work planning;
