Entry Requirements:

Entry from the BPD requires completion of the BPD (Property and Construction), with a weighted average of 70%, and a period of approved practical experience in the property or construction industries. One year is recommended but a minimum of six months is required. Entry from other faculties and institutions normally requires that applicants hold a three-year degree in an appropriate discipline (such as building, quantity surveying, architecture, engineering) and have practical experience in the property or construction industries. Applicants may be required to undertake preliminary studies to compensate for deficiencies in their previous studies.

Core Participation Requirements:

For the purposes of considering requests for Reasonable Adjustments under the Disability Standards for Education (Cwth 2005), and Students Experiencing Academic Disadvantage Policy, academic requirements for this subject are articulated in the Subject Description, Subject Objectives, Generic Skills and Assessment Requirements of this entry. The University is dedicated to provide support to those with special requirements. Further details on the disability support scheme can be found at the Disability Liaison Unit website: <http://www.services.unimelb.edu.au/disability/>

Graduate Attributes:
