Coordinator:	Assoc Prof Robyn Sloggett
Contact:	Assoc Prof Robyn Sloggett rjslog@unimelb.edu.au
Subject Overview:	The student proposes an original research topic which contributes to existing bodies of conservation knowledge. The student then initiates and conducts an involved program of primary research requiring interdisciplinary skills and knowledge. The student conducts the research with minimal direction from an academic supervisor, and produces a critical research report. The thesis is undertaken across two consecutive semesters.
Objectives:	<ul style="list-style-type: none"> # be competent in defining a research question, and in devising and managing an appropriate research path. # have demonstrated critical reading and analysis skills, and will have demonstrated the ability to write a report that argues and assesses the research questions and objectives.
Assessment:	A 12 000 word thesis 100% (due at the end of the second semester of enrolment).
Prescribed Texts:	None
Breadth Options:	This subject is not available as a breadth subject.
