Subject Overview:	This subject provides an introduction to the basic concepts, principles and activities of marketing and how to manage an organisation's marketing effort. Some of the principal topics include the analysis of market opportunities, selecting target markets, product planning and management, marketing communications (advertising and promotions, as well as personal selling), management of distribution channels, and pricing decisions. Students are also introduced to the nature of buyer behaviour, including decision-making patterns, purchase behaviours, and customer satisfaction.
Objectives:	On successful completion of this subject, students should be able to: # Analyse the fundamental principles involved in managing markets; # Explain the critical importance of marketing for superior business performance; # Analyse marketing problems and be capable of applying relevant models/themes to generate appropriate solutions.
Assessment:	2-hour end-of-semester examination (50%) Written assessment(s) totalling 4000 words (40%) (one mid-semester assessment of 1000 words worth 10%, one assignment of 3000 words worth 30% due end of semester) Oral assessment (10%) (once during semester)
Prescribed Texts:	None

Breadth Options:	This subject is not available as a breadth subject.
Fees Information:	Subject EFTSL, Level, Discipline & Census Date, http://enrolment.unimelb.edu.au/fees
Generic Skills:	<p>On successful completion of this subject, students should have improved the following generic skills:</p> <ul style="list-style-type: none"> # Critical evaluation of an argument. For example, that market share does not necessarily create shareholder value because market share often comes at a cost; # Application of marketing theories to real world marketing practice; # Problem solving, which should be fostered through the application of appropriate theories or principles. For example, determine when to lower a product price permanently as opposed to using a series of price promotions; # Oral and written communication; # Collaborative learning and team work; # Strategic thinking.
