

Anatomy (pre-2008 Bachelor of Science)

Year and Campus:	2013																																		
Coordinator:	Associate Professor Chris Briggs																																		
Contact:	Email: c.briggs@unimelb.edu.au (mailto:c.briggs@unimelb.edu.au)																																		
Overview:	<p>Major study in Anatomy.</p> <p>This major is available to Bachelor of Science students who commenced prior to 2008. The published structure of this major includes subjects available in the current year. Pre-2008 Bachelor of Science students who require advice on an appropriate subject selection to complete this major should contact the Science Student Centre.</p> <p>The University is committed to ensuring that students are not disadvantaged by recent changes to the curriculum and students may complete a major as defined by the current structure or a structure detailed in a previous year's handbook applicable to any year the student was enrolled in the course.</p>																																		
Objectives:	The objective of the anatomy major is to contribute to the academic preparation of graduates who embody the University of Melbourne graduate attributes, as well as additional attributes more specific to the Bachelor of Science.																																		
Structure & Available Subjects:	Completion of 50 points of study at Level 3.
