Subject Overview:	The subject will provide an opportunity to practice, and reflect on, a range of interpersonal and professional skills relevant to the teacher's role in promoting student wellbeing and creating supportive and safe learning environments at a classroom and whole school level. Current research is used to inform critical analysis of contemporary student wellbeing policies, models, and practices, and to examine associated issues such as the teacher-student relationship, social and emotional learning, behaviour management, school-home partnerships and staff wellbeing.
Learning Outcomes:	On completion of this subject, teacher candidates will have the knowledge, skills and understanding to enable them to: # Use an evidence base to articulate the relationship between safe and supportive learning environments, student social and emotional wellbeing and academic learning; # Critically appraise contemporary frameworks and models for the promotion of student wellbeing, and understand their implications for school policy and practice; # Purposefully use a range of supportive, assertive and negotiation skills to interact with students, parents and colleagues to achieve positive educational outcomes for all students; # Critically analyse the impact of organizational structures and school culture on student and staff wellbeing and organisational health; # Contribute to the development of strong home-school partnerships to support the promotion of student wellbeing and learning. The subject covers a range of the National Professional Standards for Teachers (for Graduate Teachers). In particular, the subject will contribute to students attaining the following standards: 1. Know students and how they learn 1.1 Physical, social and intellectual development and characteristics of students 1.2 Understand how students learn 1.3 Students with diverse linguistic, cultural, religious and socioeconomic backgrounds 3.5 Use effective classroom communication 3.7 Engage parents/ carers in the educative process 4. Create and maintain supportive and safe learning environments 4.1 Support student participation 4.2 Manage classroom activities
