Coordinator:	Ms Ros Gall
Contact:	ros gall@unimelb.edu.au (mailto:ros gall@unimelb.edu.au)
Subject Overview:	<p>This subject involves completion of a minimum 80 hours work placement integrating academic learning, employability skills and attributes and an improved knowledge of organisations, workplace culture and career pathways. The placement is supplemented by pre- and post-placement classes designed to introduce skills for developing, identifying and articulating employability skills and attributes and linking them to employer requirements. The placement should draw on specific discipline skills associated with the course of enrolment. Pre-placement seminars will also include consideration of career planning and professional skills. The placement is designed to be a standalone internship not integrated into any other subject.</p> <p>Students are responsible for identifying a suitable work placement, and will be assisted by Subject Coordinator and Internship Consultant. In the semester prior to your placement you should attend Careers & Employment (C&E) employment preparation seminars and workshops and access other C&E resources to assist you in identifying potential host organisations http://www.services.unimelb.edu.au/careers/ (http://www.services.unimelb.edu.au/careers/) . You will need to commence your approaches to organisations at least 4 weeks before the</p>

	<p>placement. More information is available in the Subject Guide. Placements must be approved by the Subject Coordinator or Internship Consultant. If you have problems finding a placement you should approach the Subject Coordinator or Internship Consultant.</p> <p>On completion of the subject, students will have completed and reported on a course-related project in a workplace. They will also have enhanced employability skills including communication, interpersonal, analytical and problem-solving, organisational and time-management, and an understanding of career planning and professional development.</p>
Learning Outcomes:	<p>On completion of this subject, students should be able to:</p> <ul style="list-style-type: none"> # Identify and articulate their knowledge and skills and apply them to relevant organisational contexts and work-settings; as well as linking them to specific professions and career pathways; # Produce original work in an appropriate format which demonstrates analytical, research and problem-solving skills; # Review and reflect on the process and output of a work project/placement to articulate their academic and career development learning from the experience; # Understand the value of industry and professional networks and their importance to self reliance, lifelong learning and career progression.
Assessment:	<p>1500 word career case study based on an information interview with an employee in your placement (due approximately week 9 - 25%), 2500 word essay on the placement experience (due approximately 3 weeks after completion of placement or by week 12, whichever date is first - 50%), 80 hours of satisfactory work placement (hurdle), Individual or team presentation (10-15 mins) on a work related or discipline specific topic (to be presented in post placement classes weeks 11 & 12 - 25%), attendance at a minimum of four of six of the seminar series (hurdle).</p>
Prescribed Texts:	A subject reader and resource pack will be provided
Breadth Options:	This subject is not available as a breadth subject.
Fees Information:	Subject EFTSL, Level, Discipline & Census Date, http://enrolment.unimelb.edu.au/fees
Generic Skills:	<ul style="list-style-type: none"> # Demonstrated flexibility, adaptability, time management and organisational skills as a result of their participation in the workplace; # Ability to communicate effectively in a professional workplace and to work with and interact with a wide range of people inside and outside their host organisations, including working in teams; # Understanding of organisational culture and ethics, work practices, and the diversity of workplaces; # Demonstrate analytical, problem-solving research, and report-writing skills; # Ability to manage and plan work; # Capacity for initiative and enterprise; # Capacity for lifelong learning, self reliance and professional development.
