Core Participation Requirements:	The Faculty of Business and Economics welcomes applications from students with disabilities. It is University and Faculty policy to take all reasonable steps to minimise the impact of disability up academic study, and reasonable adjustments will be made to enhance a student's participation in the Faculty's programs. The BCom and Masters degrees of the Faculty of Business and Economics equip graduates with the knowledge and technical skills necessary to understand and participate in the modern business world. The degrees include the following academic requirements for study: (1) The ability to explain and evaluate concepts, theories, institutional arrangements and operations of modern mixed economies; (2) The ability to critically evaluate the economy, commerce and business in the broader social and political context; (3) The ability to explain and apply concepts across a range of commerce and business disciplines in solving business and policy problems; and(4) The ability to contribute positively critically evaluate the economy, commerce and business in the broader social and political evaluation of organisations and society in relation to business, government and the commercial professions. All students of the Faculty's courses must possess intellectual, ethical, and emotional capabilities required by the Faculty. Candidates for the BCom degree and for FBF Mastrs degrees must have ability to clearly and independently communicate knowledge and application of a discipline, principles or practices during assessment tasks, and in some discipline streams. II. Intellectual-Conceptual, Integrative and Quantitative Abilities: The student is expected to have the ability to develop problem-solving requires all of these intellectual abilities. Student should also have the ability to comprehend complex disciplinary and cross disciplinary and policial no related to the BCom and Masters degrees. III. Behavioural and Social Attributes the intellectual abilities. Students are required to take responsibili		

	personal qualities that are deemed necessary for students enrolled in FBE courses. Students who feel their disability will prevent them from participating in tasks involving the inherent academic requirements of the BCom and FBE Masters courses are encouraged to contact the Disability Liaison Unit. Adjustments can be provided to minimise the impact of a disability, but students should participate in the course in an independent manner.
Graduate Attributes:	On successful completion of this course, students will be: Critical evaluation of evidence in support of an argument or proposition; Problem identification and solving in accounting through the application of appropriate accounting theories, principles and data; Communication of accounting and commerce related ideas, theories and solutions to peers and the wider community; Ability to synthesize ideas, theories and data in developing solutions to accounting problems; Ethical practice through a knowledge of corporate governance processes and implementation; Research skills including the retrieval of information from a variety of sources; Demonstrate a capacity to successfully engage in collaborative activities such as group based work and activities; and Interpret and communicate research results to specialist and non- specialist audiences.
Professional Accreditation:	Successful completion of the Master of Management (Accounting) provides students with training in all key areas of accounting and prepares them to apply for entry to the Institute of Chartered Accountants of Australia (ICAA) or Certified Practising Accountant (CPA) professional studies program.
