| Subject Overview: | In Performance Project A students will participate in the fourth of the five performance projects central to the Bachelor of Fine Arts (Dance) course. Students will further develop their interpretive, expressive and physical skills and artistry as dancers and performers whilst working with leading choreographers on the development of new/original work and/or remount an extant dance work from a choreographer's repertory. Students will continue to investigate the role of the dancer in performance and what embodied performance means. Performance Project A is a dedicated 3 rd year performance project. |
| Learning Outcomes: | <p>This subject will enable students to:</p> <ol style="list-style-type: none"> 1 Further develop and refine appropriate rehearsal skills, technical and performance skills in the choreographic process of a professional choreographer 2 Further enhance the individuals capacity to perform with facility and understanding of embodied performance the choreographic work of a professional choreographer 3 Consolidate and refine the individuals capacity for working collaboratively and as a member of a team 4 Enhance the ability to recognise and work within aesthetic domains 5 Enhance the individual's capacity to perform with commensurate strength and cardiovascular endurance |
| Assessment: | Participation and Contribution 80% Attendance Hurdle. Students must attend 80% of all scheduled classes and attempt all elements of assessment to be eligible for a pass in this subject. *Participation assessed on criteria of engagement, ability to discuss & give/receive feedback and teamwork skills. (ongoing) 30% Performance – full length work directed by guest choreographer (50-60 minutes) (Week 8) - 55% Reflective paper (1000 words) - (Week 9) - 15% |
