<b>Coordinator:</b>	To be advised
<b>Subject Overview:</b>	This subject introduces students to techniques in written communication for digital media, with a focus on publishing for the Internet and the world wide web. Students receive workshop instruction in web publishing techniques, with the aim of realising specific projects during the semester. Lectures will present students with a range of contemporary case studies demonstrating the Internet's social effects and cultural functions in order to contextualise their understanding of both Internet theory and practical communication techniques. On completion of this subject, students will have gained a broad overview of the relevant skills and sets of knowledge needed to work as professional communicators in the field of new media.
<b>Assessment:</b>	An online project 60% (due at the end of semester); written work and oral presentation 25% (due during the first half of semester); assignments and class participation 15% (due throughout semester). Students must attend at least 80% of classes to be eligible for assessment.
<b>Prescribed Texts:</b>	Prescribed Texts:A subject reader will be available from the Bookroom at the beginning of semester.
<b>Breadth Options:</b>	This subject is a level 2 or level 3 subject and is not available to new generation degree students as a breadth option in 2008. This subject or an equivalent will be available as breadth in the future. Breadth subjects are currently being developed and these existing subject details can be used as guide to the type of options that might be available. 2009 subjects to be offered as breadth will be finalised before re-enrolment for 2009 starts in early October.
<b>Fees Information:</b>	Subject EFTSL, Level, Discipline & Census Date, <a href="http://enrolment.unimelb.edu.au/fees">http://enrolment.unimelb.edu.au/fees</a>
<b>Generic Skills:</b>	# have acquired a critical understanding of the role of professional communicators in the field of new media;

	<p># gain a practical awareness of appropriate tools and methodologies for solving problems encountered in the process of designing, constructing and evaluating Internet based publishing projects;</p> <p># be able to demonstrate enhanced information literacy skills relevant to new media forms.</p>
