<b>Subject Overview:</b>	This subject assists students to consolidate their practice skills and prior learning in their last semester before graduation. It builds on prior practice classes and the Supervised Professional Practice placements in extending students' reflective practice skills in relation to a selected area of practice. In this subject students will select one option from the elective units offered in any year. These elective units in a specialised area of practice offer students an opportunity to explore a range of intervention skills in an interactive and experiential way, working from an explicit theoretical base. The units offered in this subject may vary from year to year.
<b>Assessment:</b>	A group or individual class presentation 40% (presentations will commence from session 2 and run throughout the series) and an essay of 2400 words 60% (due at the end of semester). A hurdle requirement of a minimum 80% attendance of sessions required.
