

352-PM Master of Engineering Science (Engineering Project Management)

Year and Campus:	2008																													
Fees Information:	Subject EFTSL, Level, Discipline & Census Date, http://enrolment.unimelb.edu.au/fees																													
Level:	Graduate/Postgraduate																													
Duration & Credit Points:																														
Contact:	Course Coordinator Assoc. Professor Colin Duffield E: colinf@unimelb.edu.au Faculty of Engineering Rebecca Randall E: r.randall@unimelb.edu.au																													
Course Overview:	<p>The Graduate Program in Engineering Project Management is designed to assist participants relate the engineering profession to management and more specifically to project management. The program seeks to broaden participants' expectations of the scope of their ability to contribute to society and its needs.</p> <p>The program is intended to meet the needs of graduates in disciplines requiring an advanced understanding of the theoretical and practical principles of the project management function, the whole process of project procurement, and how to lead a project team, establish staff employment conditions and develop appropriate mechanisms and styles for project communication. Participants are able to focus on skill development in the sectors most relevant to them.</p>
