

370-AB Master of Health Sciences (by Research)

Year and Campus:	2008
Fees Information:	Subject EFTSL, Level, Discipline & Census Date, http://enrolment.unimelb.edu.au/fees
Level:	Graduate/Postgraduate
Duration & Credit Points:	
Contact:	School of Medicine Telephone: 61 3 8344 5998 Email: medicine-info@unimelb.edu.au
Course Overview:	The Masters of Health Sciences is available by research in the following streams: <ul style="list-style-type: none"> # Drug Evaluation and Pharmaceutical Sciences; # Genetic Counselling; # Infant and Parent Mental Health (also available by coursework); # Rehabilitation; # Transcultural Mental Health.
Objectives:	<p>Research Masters degrees at the University of Melbourne are designed for students to develop advanced skills in carrying out independent and sustained research. The thesis should demonstrate a critical application of specialist knowledge and make an independent contribution to existing scholarship in the area of research.</p> <p>On completion of the course students should be able to:</p> <ul style="list-style-type: none"> # demonstrate advanced learning in research skills and mastery of appropriate techniques, such as the use of archival or primary evidence, analysis of data, judgment of conflicting evidence etc; # demonstrate specialist knowledge in the area of their research; # present the results of their research in publishable form or work towards incorporating their findings in further research; # proceed to a research doctorate if the Masters thesis has demonstrated appropriate research potential; # gain admission to certain types of employment through this specialist qualification; # apply the research skills acquired to other projects; # demonstrate an understanding of, and commitment to, research ethics or code of practice.
Course Structure & Available Subjects:	<p>An approved program of not less than one year full-time research (or equivalent part-time) on a specific aspect of the discipline will be undertaken by candidates. Examination of a thesis embodying observations made by the candidate and including a critical review of the literature in the relevant field.</p> <p>The thesis for the degree of Master of Health Sciences will ordinarily represent the equivalent of not less than one year full-time research and, except with the special permission of the Standing Committee on Graduate Studies of the faculty, is to be submitted not later than 12 months following completion of the research. The thesis should normally be 30,000 words in length excluding tables, illustrations and bibliography. The thesis should contain a preface stating the extent to which the candidate is reporting work to which others have contributed. A candidate may not present in the thesis work for which a degree has been conferred at this or another university.</p> <p>Where it is appropriate, an applicant for enrolment as a higher degree candidate or an applicant submitting a thesis for examination must submit evidence to the satisfaction of the faculty that all ethical requirements associated with the research have been approved by the appropriate body of the institution or institutions involved.</p>
Entry Requirements:	<ul style="list-style-type: none"> # Candidates for the <i>Drug Evaluation and Pharmaceutical Sciences</i> stream must have completed a three year undergraduate degree in a related area and the Graduate Diploma in Drug Evaluation and Pharmaceutical Sciences, or an equivalent qualification;

	<ul style="list-style-type: none"> # Candidates for the <i>Genetic Counselling</i> stream must have completed a three year undergraduate degree in a related area and the Graduate Diploma in Genetic Counselling, or an equivalent qualification, or an honours degree with experience in research design and the principles and practice of research methodology; # Candidates for the <i>Infant and Parent Mental Health</i> stream must have completed a three year undergraduate degree in a related area and the Graduate Diploma in Mental Health Sciences (Infant and Parent Mental Health), or an equivalent qualification; # Candidates for the <i>Rehabilitation</i> stream must have completed a four year undergraduate degree in the field of rehabilitation and two years work experience in the rehabilitation area following graduation; # Candidates for the <i>Transcultural Mental Health</i> stream must have completed the Graduate Diploma in Mental Health Sciences (Transcultural Mental Health) at a level of H2B or higher, or an equivalent qualification, or have completed an honours bachelors degree in a related field.
