

411-317 Chemical Engineering Research Elective 3

Credit Points:	12.500
Level:	Undergraduate
Dates & Locations:	2008, This subject commences in the following study period/s: Semester 1, - Taught on campus. Semester 2, - Taught on campus.
Time Commitment:	Contact Hours: Forty-eight hours by arrangement with the supervisor. Total Time Commitment: Not available
Prerequisites:	Usually core chemical engineering 200-level subjects. Students must obtain permission to undertake this subject prior to enrolling, through a member of the department who is willing to supervise them.
Corequisites:	None
Recommended Background Knowledge:	None
Non Allowed Subjects:	None
Core Participation Requirements:	<p><p>For the purposes of considering request for Reasonable Adjustments under the Disability Standards for Education (Cwth 2005), and Student Support and Engagement Policy, academic requirements for this subject are articulated in the Subject Overview, Learning Outcomes, Assessment and Generic Skills sections of this entry.</p> <p>It is University policy to take all reasonable steps to minimise the impact of disability upon academic study, and reasonable adjustments will be made to enhance a student's participation in the University's programs. Students who feel their disability may impact on meeting the requirements of this subject are encouraged to discuss this matter with a Faculty Student Adviser and Student Equity and Disability Support: http://services.unimelb.edu.au/disability</p></p>
Coordinator:	Prof P J Scales
Subject Overview:	The content of this subject is dependent on the interests and expertise of the student. The subject functions to provide students with the opportunity to do supervised research on a topic not normally treated in the undergraduate curriculum. The student should gain skills in independent research and acquire the ability to apply engineering and scientific analysis to a piece of scientific work of particular personal and intellectual interest.
Assessment:	One written report of up to 5000 words (not including appendices, diagrams, tables, computations and computer output) due at the end of semester; to pass the subject, the project work on which the report is based must be of a satisfactory standard.
Prescribed Texts:	None
Recommended Texts:	Information Not Available
Breadth Options:	This subject is not available as a breadth subject.
Fees Information:	Subject EFTSL, Level, Discipline & Census Date, http://enrolment.unimelb.edu.au/fees
Generic Skills:	Information Not Available
