| Level: | Graduate/Postgraduate |
| Dates & Locations: | 2008, This subject commences in the following study period/s: Semester 1, - Taught on campus. Parkville, On Campus |
| Time Commitment: | Contact Hours: 36 hours Total Time Commitment: 125 hours total commitment |
| Prerequisites: | None |
| Corequisites: | None |
| Recommended Background Knowledge: | None |
| Non Allowed Subjects: | None |
| Core Participation Requirements: | <p><p>For the purposes of considering request for Reasonable Adjustments under the Disability Standards for Education (Cwth 2005), and Student Support and Engagement Policy, academic requirements for this subject are articulated in the Subject Overview, Learning Outcomes, Assessment and Generic Skills sections of this entry.</p> <p>It is University policy to take all reasonable steps to minimise the impact of disability upon academic study, and reasonable adjustments will be made to enhance a student's participation in the University's programs. Students who feel their disability may impact on meeting the requirements of this subject are encouraged to discuss this matter with a Faculty Student Adviser and Student Equity and Disability Support: http://services.unimelb.edu.au/disability</p></p> |
| Coordinator: | Kellie Burns |
| Subject Overview: | <p>This subject introduces teacher candidates to the Victorian Essential Learning Standards (VELS) strand, Physical, Personal and Social Learning and emphasises the role that health education plays in equipping secondary students with the knowledge and skills to take ownership of their personal health and wellbeing.</p> <p>Teacher candidates will critically examine how definitions of 'health' are influenced by personal values and experiences, the media, public policy and school policies. They will explore the role of the teacher in helping school students to develop critical literacy around issues pertaining to their health and wellbeing and discuss the ways in which a socially just health curriculum functions as a tool for public health promotion.</p> <p>Teacher candidates will be introduced to subject-specific requirements around programming, assessment and classroom management. They will also create a variety of teaching and learning resources including unit and lesson plans, assessment tasks and various health promotional teaching tools.</p> |
| Assessment: | There are 2 assessment tasks: Critical Essay (2500 words) due end of the semester (60%) Multimedia presentations and class seminars (1500 word equivalent) due throughout the semester as scheduled (40%) |
| Prescribed Texts: | None |
