<b>Subject Overview:</b>	<p>Small ensembles normally consist of two or more players performing works designed to be played unconduted. Students are encouraged to investigate repertoire which allows for a balance between old and new music and a spread of instruments/voices within ensembles which goes beyond the traditional notion of chamber music. It is expected that ensembles rehearse regularly outside the formal supervised times.</p> <p>In the case of composition students, this subject involves participation in directing/conducting a variety of ensembles.</p> <p>Various large ensembles are arranged yearly depending on the student cohort and specific departmental and cross-departmental instrumental and vocal make up.</p>
<b>Assessment:</b>	Continuous: Preparation and commitment as demonstrated by performance tasks an/or a regularly updated journal of activities embracing all areas studied (40%) - Hurdle requirement 80% attendance. Formal: One small ensemble performance of approximately 20 minutes duration (60%). Hurdle requirement - participation in Large Ensemble.
