Course Overview:	<p>This course is offered by the ARC Special Research Centre in Applied Philosophy and Public Ethics (CAPPE) and will be available through the School of Philosophy in the Faculty of Arts.</p> <p>Ethical issues have gained increased prominence in public thinking. In particular, ethical issues involving the business community, the medical profession and State and Federal Governments have generated enormous public debate. The awareness of the ethical dimensions of public policy continue to be of huge importance to Australian society. This course provides a much needed opportunity for professionals, public servants and recent graduates to explore these issues in depth.</p>								
Objectives:	<p>Students who have completed this program will:</p> <ul style="list-style-type: none"> # understand and analyse complex ethical issues; # detect ambiguity, vagueness, inconsistency, and other weaknesses in the expressions of ideas; # distinguish different types of question, claim or argument, and respond to them appropriately; # distinguish what is relevant to a given issue from what is not; # see ways in which an argument or explanation could be improved. 								
Course Structure & Available Subjects:	<ul style="list-style-type: none"> # two compulsory subjects # one of the following options: <p>OPTION 1:</p> <ul style="list-style-type: none"> # A thesis (37.5 points) # 3 elective subjects <p>OR</p> <p>OPTION 2:</p> <ul style="list-style-type: none"> # A thesis (50 points) and # 2 elective subjects <p>Total 100 points. Subjects are 12.5 points each unless otherwise stated.</p>
