Coordinator:	Dr Nicole Andrea Tse, Ms Holly Jones-Amin, Ms Judith Fraser
Contact:	Jude Fraser jfraser@unimelb.edu.au
Subject Overview:	This subject introduces the current philosophy, ethics, materials and techniques used in the interventive conservation of artefacts. Students learn to document the condition and materials of artefacts within their specialisation, and to examine the ethical frameworks for the development of treatment decisions. Students develop and carry out minor treatment programs on selected objects.
Objectives:	
Assessment:	A draft technical report of 2000 words, 40% (due mid semester) and a final technical report of 3000 words, 60% (due end of semester)
Prescribed Texts:	A subject reader will be available from the Bookroom at the beginning of semester
Breadth Options:	This subject is not available as a breadth subject.
Fees Information:	Subject EFTSL, Level, Discipline & Census Date, http://enrolment.unimelb.edu.au/fees
Generic Skills:	# Upon completion of this subject students should be able to: examine, document and assess the condition and deterioration of artefacts in their area of specialization; work safely and efficiently in the conservation laboratory; identify and recommend treatment options; undertake basic conservation treatments and procedures and incorporate an understanding of ethical considerations into the practice of conservation.
Related Course(s):	Master of Cultural Material Conservation
