<b>Contact:</b>	Melbourne Graduate School of Management <a href="http://ecom-unimelb.custhelp.com">http://ecom-unimelb.custhelp.com</a> ( <a href="http://ecom-unimelb.custhelp.com/">http://ecom-unimelb.custhelp.com/</a> )																													
<b>Course Overview:</b>	This course aims to provide graduates with a comprehensive, advanced grounding in the core business areas of accounting, economics, human resource management, finance, information systems, management and marketing.																													
<b>Objectives:</b>	<p>On successful completion of this course, students should be able to:</p> <ul style="list-style-type: none"> <li># Analyse the fundamental principles involved in managing markets and organisations;</li> <li># Explain the critical importance of marketing, finance, accounting, human resources, economics, quantitative methods and management for superior business performance;</li> <li># Synthesise empirical evidence and apply theories of business to the development of an in-depth business plan for a real-world company; and</li> <li># Apply business theories to real world business practice.</li> </ul> <p>On successful completion of this course, students should have enhanced their skills in:</p> <ul style="list-style-type: none"> <li># Critically evaluating an argument. For example, the argument that market share does not necessarily create shareholder value because market share often comes at a cost;</li> <li># Problem solving, which should be fostered through the application of appropriate theories or principles. For example, students should be able to determine when to lower a product price permanently as opposed to using a series of price promotions;</li> <li># Oral and written communication;</li> <li># Collaborative learning and team work; and</li> <li># Strategic thinking.</li> </ul>
