Coordinator:	Dr Danielle Chmielewski-Raimondo
Subject Overview:	This subject focuses on the development, management and control of the organisation's marketing communications. Topics include advertising, sales promotion, public relations and other elements of the communications mix; the importance of integrating promotional efforts with other marketing mix decisions; the marketing manager's role in planning, implementing and evaluating marketing communications; operational and creative elements involved in developing promotional efforts; the strategies used to communicate with customers and their underlying principles; understanding alternative persuasion techniques and potential problems with their adoption; and the proper selection, interpretation and use of alternative measures of promotional effectiveness
Objectives:	On successful completion of this subject, students should be able to: 1) Describe and analyse the basic theories and models within integrated marketing communications; 2) Analyse and critically evaluate integrated marketing communications campaigns and explain why some campaigns are more effective than others; and 3) Apply major theories and models to marketing communications problems discussed in tutorials and within students' assignments
Assessment:	A 2-hour examination (50%), group and individual assignment(s) totalling not more than 4000 words (40%) and tutorial tasks (10%).
Prescribed Texts:	None
