

421-255 Management for Engineers 1

Credit Points:	12.50
Level:	2 (Undergraduate)
Dates & Locations:	2009, This subject commences in the following study period/s: Semester 1, - Taught on campus.
Time Commitment:	Contact Hours: Thirty-six hours of lectures, twelve hours of practice classes. Total Time Commitment: Not available
Prerequisites:	None
Corequisites:	None
Recommended Background Knowledge:	None
Non Allowed Subjects:	None
Core Participation Requirements:	<p><p>For the purposes of considering request for Reasonable Adjustments under the Disability Standards for Education (Cwth 2005), and Student Support and Engagement Policy, academic requirements for this subject are articulated in the Subject Overview, Learning Outcomes, Assessment and Generic Skills sections of this entry.</p> <p>It is University policy to take all reasonable steps to minimise the impact of disability upon academic study, and reasonable adjustments will be made to enhance a student's participation in the University's programs. Students who feel their disability may impact on meeting the requirements of this subject are encouraged to discuss this matter with a Faculty Student Adviser and Student Equity and Disability Support: http://services.unimelb.edu.au/disability</p></p>
Coordinator:	Dr Lihai Zhang
Contact:	Mr Lihai Zhang Department. of Civil and Environmental Engineering Tel: +61 3 83446767 Email: lihzhang@unimelb.edu.au
Subject Overview:	-
Objectives:	<p>On completion of this subject students should understand:</p> <ul style="list-style-type: none"> # the relevance of the discipline of management to engineering and some core techniques of management, including programming and scheduling; # origins and development of Australian engineering organisations, the engineer and professional practice, professional ethics and engineers, the functions of the professional societies, engineers in government-national, state and local; # case studies in engineering practice and technological innovation discussing the management process, embracing planning, organisation, leadership and control of human, physical and financial resources in public and private sector; # engineering management including responsibility, authority, human relations, industrial relations, quality and environmental management systems including consideration of the ISO 9000 and 14000 series requirements.
Assessment:	One written end of semester examination 3-hours (70%) and assignments totalling 4000 words (30%) due throughout the semester.
Prescribed Texts:	None

Breadth Options:	This subject is not available as a breadth subject.
Fees Information:	Subject EFTSL, Level, Discipline & Census Date, http://enrolment.unimelb.edu.au/fees
Generic Skills:	Information Not Available
