Coordinator:	Dr Lisa Rebecca Palmer
Subject Overview:	This subject explores a range of contemporary Australian environmental issues, examining the history of their emergence and management during the past two centuries of European settlement. Case studies to illuminate ways of understanding and managing the Australian continent. The subject examines linkages between the scientific, cultural, economic and political dimensions environmental politics and management. Students should become familiar with mechanisms used to contain or resolve recent environmental conflicts, and be able to interpret them in the context of broader questions relating to ecological governance and sustainable development.
Assessment:	Written work totalling 4000 words comprising an oral presentation of a tutorial paper 10% (due during the semester), an essay of 3000 words 60% (due after mid-semester break), a take-home examination of 1000 words 25% (due at the end of semester), and tutorial attendance 5%. Each component of assessment must be completed for a student to be able to pass this subject.
Prescribed Texts:	None
Recommended Texts:	Information Not Available
Breadth Options:	<p>This subject potentially can be taken as a breadth subject component for the following courses:</p> <ul style="list-style-type: none"> # Bachelor of Arts (https://handbook.unimelb.edu.au/view/2009/D09) # Bachelor of Commerce (https://handbook.unimelb.edu.au/view/2009/F04) # Bachelor of Environments (https://handbook.unimelb.edu.au/view/2009/A04) # Bachelor of Music (https://handbook.unimelb.edu.au/view/2009/M05)

	You should visit learn more about breadth subjects (http://breadth.unimelb.edu.au/breadth/info/index.html) and read the breadth requirements for your degree, and should discuss your choice with your student adviser, before deciding on your subjects.
