

702-238 Structural Systems

Credit Points:	12.50
Level:	2 (Undergraduate)
Dates & Locations:	2009, This subject commences in the following study period/s: Semester 2, - Taught on campus.
Time Commitment:	Total Time Commitment: Not available
Prerequisites:	None
Corequisites:	None
Recommended Background Knowledge:	None
Non Allowed Subjects:	702-838 (ABPL00231) - Structural Systems (PG)
Core Participation Requirements:	<p><p>For the purposes of considering request for Reasonable Adjustments under the Disability Standards for Education (Cwth 2005), and Student Support and Engagement Policy, academic requirements for this subject are articulated in the Subject Overview, Learning Outcomes, Assessment and Generic Skills sections of this entry.</p> <p>It is University policy to take all reasonable steps to minimise the impact of disability upon academic study, and reasonable adjustments will be made to enhance a student's participation in the University's programs. Students who feel their disability may impact on meeting the requirements of this subject are encouraged to discuss this matter with a Faculty Student Adviser and Student Equity and Disability Support: http://services.unimelb.edu.au/disability</p></p>
Coordinator:	Mr Blair Gardiner
Subject Overview:	This subject covers general concepts and fundamentals of structural systems as they apply to architect designed structures and commercial and industrial buildings. Content will review basic concepts essential to the understanding of structural behaviour and how these apply to building elements and construction materials. It will provide an overview of structural systems through structural and architectural typology and introduce various forms of preliminary investigations central to structural design.
Assessment:	Progressive assessment comprising written assignment (2000 words, 20%) and two in-class tests worth 10% each (40% total)Final two-hour exam as a review of the semester's work (60%)Regardless of assignment results, a minimum grade of 40% must be achieved in the exam in order to pass the subject.
Prescribed Texts:	None
Breadth Options:	This subject is not available as a breadth subject.
Fees Information:	Subject EFTSL, Level, Discipline & Census Date, http://enrolment.unimelb.edu.au/fees
Generic Skills:	<p>On completion of the subject students should have developed the following skills and capabilities:</p> <ul style="list-style-type: none"> # ability to communicate effectively with construction professionals and the public in general # ability to undertake problem identification, formulation and solution # capacity for independent critical thought, rational inquiry and self-directed learning # ability and self-confidence to comprehend complex concepts, to express them lucidly, whether orally or in writing, and to confront unfamiliar problems
