

740-345 Music and Health

Credit Points:	12.50
Level:	1 (Undergraduate)
Dates & Locations:	2009, This subject commences in the following study period/s: Semester 2, - Taught on campus. On campus
Time Commitment:	Contact Hours: 1 two-hour lecture per week Total Time Commitment: 120 hours
Prerequisites:	Offered as breadth: nil
Corequisites:	None
Recommended Background Knowledge:	None
Non Allowed Subjects:	None
Core Participation Requirements:	It is University policy to take all reasonable steps to minimise the impact of disability upon academic study, and reasonable adjustments will be made to enhance a student's participation in the University's programs. Students who feel their disability will impact on meeting the requirements of this subject are encouraged to discuss this matter with a Faculty Student Adviser and the Disability Liaison Unit.
Coordinator:	Dr Katrina Louise Mcferran
Subject Overview:	This subject will provide an overview of the ways that music can be used to promote physical health and healthy behaviours for a range of people, including musicians. Topics covered will include music for expression, relaxation, anxiety reduction and communication. Students will be involved in experiential activities underpinned by theoretical knowledge. They will also contribute to weekly web-based discussion that furthers understanding of topics covered in class.
Objectives:	On completion of the subject students should be able to: <ul style="list-style-type: none"> # Reflect on the relationship between music and health # Identify areas for musical development outside the technique / competency spectrum # Develop skills in using music to reduce anxiety and improve communication
Assessment:	Two 1500 word essays due approximately mid-semester and end of semester (40% & 50% respectively); contribution to weekly web-based discussion (10%).
