

# 761-EM Master of Engineering Management

<b>Year and Campus:</b>	2009										
<b>Fees Information:</b>	Subject EFTSL, Level, Discipline & Census Date, <a href="http://enrolment.unimelb.edu.au/fees">http://enrolment.unimelb.edu.au/fees</a>										
<b>Level:</b>	Graduate/Postgraduate										
<b>Duration &amp; Credit Points:</b>											
<b>Coordinator:</b>	Dr Russell Thompson Department. of Civil and Environmental Engineering, Tel: +61 3 83446774 Email: <a href="mailto:rgthom@unimelb.edu.au">rgthom@unimelb.edu.au</a>										
<b>Contact:</b>	Engineering Student Centre Ground Floor, Old Engineering Building The University of Melbourne Victoria 3010 AUSTRALIA  Tel: +61 3 8344 6703 Fax: +61 3 9349 2182 Email <a href="http://eng-unimelb.custhelp.com">http://eng-unimelb.custhelp.com</a> ( <a href="http://eng-unimelb.custhelp.com/">http://eng-unimelb.custhelp.com/</a> )										
<b>Course Overview:</b>	<p>The Master of Engineering Management has been designed to bridge the business knowledge gap between engineering, technology and management.</p> <p>It equips the Engineer or Scientist with the skills required at management levels of technology based enterprise. It provides the financial, investment evaluation and business skills necessary to operate in diverse areas of technology and in the rapidly expanding and changing market place.</p> <p>This postgraduate program will enable you to acquire an overview of the legal, commercial, marketing and human issues that a manager needs in a technical environment.</p>										
<b>Objectives:</b>	<p>That a graduate of the program should have:</p> <ul style="list-style-type: none"> <li># advanced knowledge of international social systems and the regulatory role that managers of technological enterprises play in society;</li> <li># advanced working skills in the application of computers, software and new technologies relevant to management of technological enterprises;</li> <li># advanced awareness of social, cultural and environmental responsibilities of managers of technological enterprises for sustainable outcomes;</li> <li># a sound attitude for undertaking life-long learning in technical and management fields;</li> <li># a well developed capacity to engage with technical and socio-economic issues in contemporary society;</li> <li># a well developed capacity to understand and participate in a multi-disciplinary and multi-cultural team environment as either a leader or a technical support specialist.</li> </ul>										
<b>Course Structure &amp; Available Subjects:</b>	<p>The Master of Engineering Management is offered at two entry levels:</p> <p><b>200 Point Program</b></p> <p>The 200 point program consists of the Graduate Diploma followed by the 100 point Masters (see below). If a student leaves the 200 point program prior to completion, he/she may be awarded either the Certificate or Diploma in Engineering Management if all of the necessary requirements have been satisfactorily completed.</p> <p><b>100 Point Program (below)</b></p>										
<b>Subject Options:</b>	<p><b>Course Structure</b> (of the 100 point Master of Engineering Management)</p> <p><b>Core Subjects</b> (37.5 points)</p> <table border="1"> <thead> <tr> <th>Subject</th> <th>Study Period Commencement:</th> <th>Credit Points:</th> </tr> </thead> <tbody> <tr> <td>421-671 Financial Analysis of Complex Projects</td> <td>Semester 1</td> <td>12.500</td> </tr> <tr> <td>421-672 Management of Technological Enterprises</td> <td>Semester 1</td> <td>12.500</td> </tr> </tbody> </table>		Subject	Study Period Commencement:	Credit Points:	421-671 Financial Analysis of Complex Projects	Semester 1	12.500	421-672 Management of Technological Enterprises	Semester 1	12.500
Subject	Study Period Commencement:	Credit Points:									
421-671 Financial Analysis of Complex Projects	Semester 1	12.500									
421-672 Management of Technological Enterprises	Semester 1	12.500									

421-673 Sustainable Supply Chain Management	Semester 2	12.500
---	------------	--------

**Restricted Elective Subjects (25 points)**

Subject	Study Period Commencement:	Credit Points:
421-682 Engineering Systems Management	Semester 2	12.500
325-694 Managing Innovation and Entrepreneurship	Semester 1, Semester 2	12.500

**Elective Subjects (37.5 points)**

Taken from level 6 subjects included in the Electives List or other subjects approved by the Course Coordinator.

A student is limited to a maximum of 25 points by research.

Subject	Study Period Commencement:	Credit Points:
421-604 Environmental Management ISO 14000	Semester 2	12.500
421-609 Technology in Society	Not offered 2009	12.500
421-616 Technology Assessment	Semester 1	12.500
421-627 Sustainable Water Resources Management	Semester 2	12.500
421-681 Management for the Environment	Semester 2	12.500
451-610 Fundamentals of GIS	Semester 1	12.500
451-624 Management of GIS	Semester 2	12.500
421-654 Principles of Asset Management	Semester 1	12.500
421-668 Sustainable Irrigation System Management	Not offered 2009	12.500
421-663 Engineering Project Management	Semester 1	12.500
421-664 Project Delivery	Semester 2	12.500
421-667 Project Management Practices	Semester 2	12.500
421-666 Management of Project Resources	Semester 2	12.500
316-802 Macroeconomics for Managers	Semester 1, Semester 2	12.500
316-660 Managerial Economics	Semester 1, Semester 2	12.500
325-677 People and Change	Semester 2	12.500
325-679 Supply Chain Management	Semester 2	12.500
325-692 Decision Analysis	Semester 1	12.500
421-711 Solar Energy	Semester 1	12.500

**Entry Requirements:**

4 year degree in engineering or science including mathematics with an av. grade of at least 70%; a 3 year degree in Engineering or related science with an av. grade of at least 70% & at least 2 years documented relevant work experience; or via pathway.

**Language Requirements**

International students and students whose prior qualifications are from a university overseas where English is not the official language of instruction and examination need to supply proof of academic English language competency. Proof acceptable to the University includes:

Original evidence of an English Language test score at a sitting within the last 24 months of either:

	<p><b>TOEFL</b> - at least 577 and a TWE of at least 4.5 (paper based) or a TOEFL of at least 233 with an Essay Rating of at least 4.5 (computer based)</p> <p><b>or</b></p> <p><b>IELTS</b> - at least 6.5. (A minimum band score of 6 is required in the Academic Writing module).</p> <p>Entry under a slightly lower Engineering alternative* English Language entry requirement is available as follows:</p> <p><b>TOEFL</b> - at least 550, with a TWE of 4 or the computer based TOEFL of at least 213 with an Essay Rating Score of at least 4 and agreeing in writing to undertake and pass an ESL subject in the first semester of study at The University of Melbourne</p> <p><b>or</b></p> <p><b>IELTS</b> - at least 6 and agreeing in writing to undertake and pass an ESL subject in the first semester of study at the University of Melbourne.</p> <p>* The Faculty of Engineering's English Language alternative may affect the duration and cost of your program</p>
<b>Core Participation Requirements:</b>	-
<b>Further Study:</b>	-
<b>Graduate Attributes:</b>	-
<b>Generic Skills:</b>	-
<b>Notes:</b>	<p><b>Program Flexibility</b></p> <p>By prior arrangement a limited number of subjects may be taken from the Faculty of Economics and Commerce, from the Engineering Project Management program, or from elsewhere.</p> <p>This program is one of two engineering management programs offered by the Faculty of Engineering. You may wish to consider the other programs of Engineering Project Management.</p>
