Overview:	<p>Psychology is intellectually fascinating and has direct applications to everyday life. As a discipline, it embraces a wide range of perspectives and approaches that contribute to the scientific study and understanding of behaviour, especially human behaviour. Taught at the University since the late 1800s, Psychology at Melbourne offers a diversity and quality of undergraduate subjects.</p> <p>The majority of undergraduate students studying psychology will complete an APAC (Australian Psychology Accreditation Council) major sequence.</p>
Objectives:	<p>Psychology is concerned with the study of human behaviour and experience. People trained in psychology work in a wide variety of areas in health, education, industry, commerce, welfare and government.</p> <p>Psychology has been a part of a tradition of academic excellence and research achievement at the University of Melbourne since the late 1800s. The Department of Psychology, formally established in 1946 is part of the Faculty of Medicine, Dentistry and Health Sciences. It is one of the largest departments of psychology in Australia.</p> <p>The Psychology undergraduate program has been designed to provide students with flexibility and choice in coursework areas and offers a broad range of subjects aimed at providing a thorough and extensive grounding in the discipline.</p>
Structure & Available Subjects:	<p>Psychology is available as both a major and minor sequence of study within the BA. The BA major in psychology requires a 125 point accredited sequence for students wishing to undertake professional training in psychology. This means that 25 points of level two or three subjects must be completed within the breadth component of the degree. Students intending to complete the major in psychology should factor this into their course planning - see sample course plans (http://www.ba.unimelb.edu.au/ugrad/course_structure.html) for more.</p> <p>Major:</p> <p><i>Level 1:</i> 2 compulsory level 1 Psychology Subjects</p> <ul style="list-style-type: none"> # Mind, Brain and Behaviour 1 # Mind, Brain and Behaviour 2 <p><i>Level 2:</i> 4 compulsory level 2 Psychology Subjects</p> <ul style="list-style-type: none"> # Cognitive Psychology # Biological Psychology # Personality and Social Psychology # Developmental Psychology <p><i>Level 3:</i> 2 compulsory Psychology level 3 subjects and at least 2 elective Psychology level 3 subjects.</p> <p>Compulsory subjects:</p> <ul style="list-style-type: none"> # Research Methods for Human Inquiry # Psychological Science: Theory & Practice (Capstone) <p>Electives subjects:</p> <ul style="list-style-type: none"> # Advanced Personality and Social Psychology # Advanced Studies of Human Cognition # Developing Persons in Social Worlds # Development of the Thinking Child # Neuroscience and the Mind

- # Organisational Psychology
- # Psychology of Sleep and Emotions
- # Psychopathology and Everyday Life
- # The Unconscious Mind

Total 125 points

Minor

The BA minor in psychology is a 75 point sequence. It may require the completion of 25 points of level two or three subjects within the breadth component of the degree.

Level 1: 2 compulsory level 1 Psychology Subjects

- # Mind, Brain and Behaviour 1
- # Mind, Brain and Behaviour 2

Level 2: Two of the following level 2 Psychology Subjects

- # Cognitive Psychology
- # Biological Psychology
- # Personality and Social Psychology
- # Developmental Psychology

Level 3: Two of the following level 3 Psychology Subjects

- # Advanced Personality and Social Psychology
- # Advanced Studies of Human Cognition
- # Developing Persons in Social Worlds
- # Development of the Thinking Child
- # Neuroscience and the Mind
- # Organisational Psychology
- # Psychobiology of Sleep and Emotions
- # Psychopathology and Everyday Life
- # The Unconscious Mind

Total 75 points

Level 3 subjects build on the skills and knowledge obtained at Level 2. For example, Advanced Personality and Social Psychology builds on Personality and Social Psychology at Level 2. Advanced Studies of Human Cognition builds on Cognitive Psychology at Level 2. Developing Persons in Social Worlds and Development of the Thinking Child build on Developmental Psychology at Level 2. Neuroscience and the Mind and Psychobiology of Sleep and Emotions build on Biological Psychology at Level 2. The remaining Level 3 subjects draw on knowledge acquired across Level 2 subjects.

Subject Options:

Level One Subjects

Subject	Study Period Commencement:	Credit Points:
PSYC10003 Mind, Brain & Behaviour 1	Semester 1	12.50
PSYC10004 Mind, Brain and Behaviour 2	Semester 2	12.50

Level Two Subjects

All 50 points are compulsory for the major

Subject	Study Period Commencement:	Credit Points:
PSYC20006 Biological Psychology	Semester 1	12.50
PSYC20008 Developmental Psychology	Semester 1	12.50
PSYC20007 Cognitive Psychology	Semester 2	12.50
PSYC20009 Personality and Social Psychology	Semester 2	12.50

Level Three Subjects

All 25 points is compulsory for the major.

Research Methods for Human Inquiry is the compulsory capstone subject for the major and is not available in the minor.

Subject	Study Period Commencement:	Credit Points:
PSYC30013 Research Methods for Human Inquiry	Semester 1	12.50
PSYC30021 Psychological Science: Theory & Practice	Semester 2	12.50

Other Level Three Elective Subjects

25 points of electives must be taken as part of the major

Subject	Study Period Commencement:	Credit Points:
PSYC30017 Advanced Studies of Human Cognition	Semester 1	12.50
PSYC30016 Developing Persons in Social Worlds	Semester 1	12.50
PSYC30018 Neuroscience and the Mind	Semester 1	12.50
PSYC30012 The Unconscious Mind	Semester 1	12.50
PSYC30022 Advanced Personality & Social Psychology	Semester 2	12.50
PSYC30019 Development of the Thinking Child	Semester 2	12.50
PSYC30015 Organisational Psychology	Semester 2	12.50
PSYC30020 Psychology of Sleep and Emotions	Semester 2	12.50
PSYC30014 The Psychopathology of Everyday Life	Semester 2	12.50
