

AGRI30016 Irrigation and Water Management

Credit Points:	12.50
Level:	3 (Undergraduate)
Dates & Locations:	2010, Dookie This subject commences in the following study period/s: July, Dookie - Taught on campus. Intensive block subject held at the Dookie campus- Assignments to be submitted during semester 2 and the 3 hour exam held during the semester 2 exam period
Time Commitment:	Contact Hours: 48 hours contact Total Time Commitment: Approximately 40 hours of teaching/ tutorials during the intensive teaching block at Dookie, with field inspections included during the teaching week. An additional 80 hours, approximately, for completion of test and assignments.
Prerequisites:	None
Corequisites:	None
Recommended Background Knowledge:	None
Non Allowed Subjects:	None
Core Participation Requirements:	For the purposes of considering request for Reasonable Adjustments under the Disability Standards for Education (Cwth 2005), and Students Experiencing Academic Disadvantage Policy, academic requirements for this subject are articulated in the Subject Description, Subject Objectives, Generic Skills and Assessment Requirements of this entry. The University is dedicated to provide support to those with special requirements. Further details on the disability support scheme can be found at the Disability Liaison Unit website: http://www.services.unimelb.edu.au/disability/
Coordinator:	Ms Ros Gall
Contact:	Ms Jacinta Way 03 5833 9292 jway@unimelb.edu.au
Subject Overview:	<p>On completion of this subject students should be able to:</p> <ul style="list-style-type: none"> # describe the scale and distribution of the major irrigation systems in south-eastern Australia; # evaluate plant water requirements in terms of water quality and frequency of supply; # apply basic principles of hydraulics to the selection of irrigation systems appurtenances and structures; # assess irrigation systems in terms of efficiency, economy, energy-use and environmental impact; # recognise the advantages and disadvantages of common irrigation systems; and # recognise the need for efficient irrigation drainage as well as water supply. <p>The content includes:</p> <ul style="list-style-type: none"> # water supply potential for the development of irrigation systems, management planning and operation of water allocations, water law, cost benefit analysis, environmental and energy-use implications of resource utilisation and development, efficiency of irrigation systems and long-term viability; # climatic factors in irrigation development, rainfall, evaporation, evapotranspiration and hydrology; # plant physiology and plant water use, transpiration crop water requirements in terms of water quality and quantity;

	<p># soils and water, soil moisture retention and movement, plant root zones and development, infiltration and leaching;</p> <p># irrigation scheduling, soil moisture measurement; and</p> <p># types of irrigation systems, selection of irrigation systems, irrigation drainage, seepage, surface and subsurface drainage systems, salinity, conveyance and disposal of drained effluent, re-use systems, management of irrigation systems, operations and maintenance requirements.</p>
Objectives:	None
Assessment:	Three-hour examination (50%), a practical test (10%) and two assignments equivalent to 2500 words (each worth 20%).
Prescribed Texts:	None
Recommended Texts:	Information Not Available
Breadth Options:	<p>This subject potentially can be taken as a breadth subject component for the following courses:</p> <ul style="list-style-type: none"> # Bachelor of Arts (https://handbook.unimelb.edu.au/view/2010/B-ARTS) # Bachelor of Biomedicine (https://handbook.unimelb.edu.au/view/2010/B-BMED) # Bachelor of Environments (https://handbook.unimelb.edu.au/view/2010/B-ENVS) # Bachelor of Music (https://handbook.unimelb.edu.au/view/2010/B-MUS) # Bachelor of Science (https://handbook.unimelb.edu.au/view/2010/B-SCI) <p>You should visit learn more about breadth subjects (http://breadth.unimelb.edu.au/breadth/info/index.html) and read the breadth requirements for your degree, and should discuss your choice with your student adviser, before deciding on your subjects.</p>
