Subject Overview:	The Environmental Studies Major Thesis is designed for students to develop advanced skills in carrying out independent and sustained research in Environmental Studies. The thesis should demonstrate a critical application of specialist knowledge and make an independent contribution to existing scholarship in the area of research. Students who complete this subject will produce a 30,000-word thesis on a research project dealing with an area of Environmental Studies; demonstrate an ability to present, argue and demonstrate a coherent hypothesis on an issue in Environmental Studies, supported by research and analysis; and demonstrate an aptitude for original research at a higher degree level in the future.
Objectives:	N/A
Assessment:	Thesis 30 000 words
Prescribed Texts:	N/A
Breadth Options:	This subject is not available as a breadth subject.
Fees Information:	Subject EFTSL, Level, Discipline & Census Date, http://enrolment.unimelb.edu.au/fees
Generic Skills:	<ul style="list-style-type: none"> # think critically about environmental studies; # obtain information to evaluate propositions about issues and principles in environmental studies; # write a coherent, well-argued and empirically substantiated research paper. #
