Subject Overview:	Under the supervision of at least one academic staff member, the student will undertake original academic research on a significant and professionally relevant topic. S/he will write a thesis based on the results of that research. Students will be encouraged to write a thesis in a format that might be appropriate to, or readily adapted for, publication in an academic research journal.
Objectives:	Students who complete this subject will be able to: • demonstrate competence in proposing, researching, analyzing, and writing up a piece of academic research that contributes to the body of knowledge in the broad area of e-Forensic Investigation and Enterprise Security; • demonstrate the ability to write in a form suitable for dissemination in academic forums; and • engage in the process of producing original research.
Assessment:	12,000 words of written work; to be double marked, by assessors chosen by the Academic Coordinator
Prescribed Texts:	nil
Recommended Texts:	Nil
Breadth Options:	This subject is not available as a breadth subject.
Fees Information:	Subject EFTSL, Level, Discipline & Census Date, http://enrolment.unimelb.edu.au/fees
