Coordinator:	Dr Celia Thompson, Dr Neomy Storch
Contact:	Dr Neomy Storch (general stream) neomys@unimelb.edu.au (mailto:neomys@unimelb.edu.au) Dr Celia Thompson - Semester 1 only (Engineering) celiat@unimelb.edu.au (mailto:celiat@unimelb.edu.au)
Subject Overview:	This subject aims to develop the advanced language required for successful postgraduate study in English. In this subject students will develop critical approaches to researching, reading and writing. They will also develop the ability to plan and present confidently on a research topic and to write a literature review fluently and accurately. Particular attention is paid to grammatical and stylistic aspects of written and spoken academic discourse. Students write and present on a research topic that is relevant to their field of study. This subject is divided into engineering and general streams.
Objectives:	<ul style="list-style-type: none"> # read academic texts in their own discipline more effectively using a range of strategies, including recognition of the rhetorical structures in the text. # critically analyse texts. # summarise and paraphrase and synthesize information from a variety of sources. # acknowledge information sources appropriately. # write a cohesive and grammatically accurate literature review in the appropriate register. # deliver a seminar presentation using appropriate visual aides and manage follow-up discussions.
Assessment:	A 300-500 word summary 10% (due week 4), a 1000 word critical review 20% (due mid semester), a 2500 word literature review 40% (due end of semester) and a seminar presentation of 7-10 minutes 30% (given in week 11).
Prescribed Texts:	A reading pack is available

Breadth Options:	This subject is not available as a breadth subject.
Fees Information:	Subject EFTSL, Level, Discipline & Census Date, http://enrolment.unimelb.edu.au/fees
Generic Skills:	<ul style="list-style-type: none"> # be able to critically read a range of academic texts. # be able to summarise and paraphrase and synthesize information from a variety of sources. # be able to acknowledge information sources appropriately. # be able to write a grammatically accurate and cohesive literature review. # be able to deliver a seminar presentation using appropriate visual aids. # be able to direct discussions and respond appropriately to questions from the audience. # be able to participate effectively in group work. # be able to develop the ability to self and peer review written and oral work.
