VETS10010 Vet.Anatomy Project

Credit Points:	45		
Level:	1 (Undergraduate)		
Dates & Locations:	2010, Parkville This subject commences in the following study period/s: Semester 1, Parkville - Taught on campus. Semester 2, Parkville - Taught on campus.		
Time Commitment:	Contact Hours: N/A Total Time Commitment: This subject is taken full-time for one year.		
Prerequisites:	Students must have completed two or more years of the BVSc course with an average of H3 (65%) in the previous year, or its equivalent, to be eligible for the Bachelor of Animal Science, unless authorised by the Head of Department.		
Corequisites:	Subject	Study Period Commencement:	Credit Points:
	VETS10011 Vet.Anatomy Seminar	Semester 1, Semester 2	5
Recommended Background Knowledge:	Students should have a solid understanding of at least the first two years of the BVSc course and an interest in their chosen research topic.		
Non Allowed Subjects:	None		
Core Participation Requirements:	It is University policy to take all reasonable steps to minimise the impact of disability upon academic study, and reasonable adjustments will be made to enhance a student's participation in the University's programs. In this subject, students may be required to actively and safely contribute to laboratory activities, practical placements and clinical and paraclinical work with animals. Students who feel their disability will impact on meeting this requirement are encouraged to discuss this matter with the Subject Coordinator and the Disability Liaison Unit.
