AGRI90072 Project B	Semester 1, Semester 2	50					
Core Participation Requirements:	For the purposes of considering request for Reasonable Adjustments under the Disability Standards for Education (Cwth 2005), and Students Experiencing Academic Disadvantage Policy, academic requirements for this subject are articulated in the Subject Overview, Objectives, Assessment and Generic Skills sections of this entry. It is University policy to take all reasonable steps to minimise the impact of disability upon academic study, and reasonable adjustments will be made to enhance a student's participation in the University's programs. Students who feel their disability may impact on meeting the requirements of this subject are encouraged to discuss this matter with a Faculty Student Adviser and the Disability Liaison Unit: http://www.services.unimelb.edu.au/disability/						
Coordinator:	Dr Nicholas Williams						
Contact:	Melbourne School of Land & Environment Student Centre Ground Floor, Land & Food Resources (building 142) <i>Enquiries</i> Phone: 13 MELB (13 6352) Email: 13MELB@unimelb.edu.au (mailto:13MELB@unimelb.edu.au)						
Subject Overview:	The subject allows students to conduct an original research project, under supervision to be approved by a subject Coordinator. The work will be equivalent to lecture and practical based subjects worth 50 points. The content and extent of the project will be determined by a Coordinator, in collaboration with the student and the supervisor. The work would ordinarily include a review of a body of scientific literature, together with a critical evaluation of research or experimental protocols, and the development of research methods, implementation of a mathematical model, completion of an original experiment, or a thorough exploration of a scientific issue. Projects would ordinarily include a component of original research well beyond a review or critique. Projects would involve regular 1-hour discussion groups where students report on progress, major problems and plans. For substantive reasons, this research project requires more than one semester to complete.						
Objectives:	To undertake a directed research project.						

Assessment:	Project Proposal (10%) Due week 5 1,500 words, Oral Presentation (15%) Due week 12 15 minutes and Final Report (75%) Due during exam period 10,000 words.
Prescribed Texts:	None
Breadth Options:	This subject is not available as a breadth subject.
