Coordinator:	Dr Rebecca Ford						
Contact:	Melbourne School of Land & Environment Student Centre Ground Floor, Land & Food Resources (building 142) <i>Enquiries</i> Phone: 13 MELB (13 6352) Email: 13MELB@unimelb.edu.au (mailto:13MELB@unimelb.edu.au)						
Subject Overview:	The subject allows students to conduct an original research topic, under supervision approved by a Subject Coordinator. The work will be equivalent to lecture and practical based subjects worth 25 points. The content and extent of the project will be determined by a Coordinator, in collaboration with the student. The work will usually include a review of a body of scientific literature, together with a critical evaluation of research or experimental protocols, a modest original experiment, or a limited exploration of a scientific problem. Projects may involve regular 1-hour discussion groups where students report on progress, major problems and plans.						
Objectives:	The work will include a project proposal, researching an area of importance to an industry related to your degree. This will include a brief review of the body of scientific literature to provide context and rationale, together with an approach or protocol for a modest original experiment, or a limited exploration of a scientific problem. The proposal is a hurdle requirement and a pass (30% or more) is required to continue with this subject. Final reports and oral presentations will occur at the end of semester and orals will involve a mini-symposium where findings will be presented to project stakeholders and the student cohort. Projects may involve regular 1-hour discussion groups where students report on progress, any problems and ongoing plans.						

Assessment:	Project Proposal (1500 words = 30%) The project proposal is a hurdle requirement.Final report (3000 words = 50%)Final oral (15 min = 20%)
Prescribed Texts:	Information Not Available
Breadth Options:	This subject is not available as a breadth subject.
Fees Information:	Subject EFTSL, Level, Discipline & Census Date, http://enrolment.unimelb.edu.au/fees
Generic Skills:	<p>On completion of this subject students will have:</p> <ul style="list-style-type: none"> # capacity to articulate knowledge and understanding in oral and written presentations and to allow informed dialogue with individuals and groups from industry, government and the community # ability to evaluate and synthesise the research and professional literature in the discipline # capacity for independent critical thought, rational inquiry and self-directed learning and research.
