Subject Overview:	This subject is the first of two research project subjects taken by students enrolled in the Postgraduate Diploma in Oral and Maxillofacial Surgery. Students are required to produce literature reviews on a variety of topics discussed in the seminars. One of these will lead to the development of a research project which is to be submitted as an assignment for review by the end of second semester.
Objectives:	To develop a research project to be submitted as an assignment for review by the end of the second semester.
Assessment:	Students are required to complete a literature review of approximately 5,000 words. This is worth 100% of the marks for this subject.
Prescribed Texts:	.
Breadth Options:	This subject is not available as a breadth subject.
