Subject Overview:	The Economics Research Report involves a two-semester program of study, (commencing in Semester One and completed in one calender year) , during which students conduct and present the results of an independent piece of economic research. During this time students will be required to provide various progress reports on their work. The completed work is then submitted for assessment in the form of a written Research Report, which is not to exceed 12,000 words.
Objectives:	On successful completion of this subject students should be able to: # Identify and develop a suitable and feasible topic; # Identify the bibliographic and data sources relevant to the topic; # Analyse the literature relevant to the topic; # Apply appropriate economic and econometric methods of analysis; # Orally present research in progress; # Complete a written research Report.
Assessment:	The Research Report itself is examined. This makes up 100% of the assessment for the subject.
Prescribed Texts:	You will be advised of prescribed texts by your lecturer.

Breadth Options:	This subject is not available as a breadth subject.
Fees Information:	Subject EFTSL, Level, Discipline & Census Date, http://enrolment.unimelb.edu.au/fees
Generic Skills:	<p>On successful completion of this subject, students should have improved the following generic skills:</p> <ul style="list-style-type: none"> # Evaluation of ideas, views and evidence # Synthesis of ideas, views and evidence # Strategic thinking # Critical thinking # Application of theory to economic policy and business decision making # Accessing economic and other information # Summary and interpretation of information # Using computer programs # Statistical reasoning # Problem solving skills # Written communication # Oral communication
Notes:	It is expected that at least 10 non-contact hours of private study time per week will be required to achieve a satisfactory level of performance in this subject.
