Contact:	Education Student Centre
Subject Overview:	This subject utilises a problem-based learning approach and will build on knowledge and skills developed in earlier subjects. It will equip students to take on leadership roles, in particular with ICT, in schools. Topics covered will be selected from integrating computers into classroom activities; planning for ICT use for schools and classrooms (including budgeting); planning for teachers' professional learning; and ICT strategic planning for schools. Teams will take on the role of a school's ICT Committee and prepare reports and recommendations as if for the principal and School Council and will present their recommendations at mock school council meetings.
Objectives:	On completion of this subject teacher candidates will have demonstrated that they can work in teams to analyse and evaluate ICT needs of classrooms and schools, to determine goals for the classroom or school, and create plans to achieve these goals.
Assessment:	There are 4 assessment tasks: Two team reports and presentations (50 per cent) Report on Current and Recommended ICT Practices in a school (30 per cent) Reflections on problems (10 per cent) Report on a School Council meeting (10 per cent) Assessment is due throughout the semester.
Prescribed Texts:	None
Breadth Options:	This subject is not available as a breadth subject.
Fees Information:	Subject EFTSL, Level, Discipline & Census Date, http://enrolment.unimelb.edu.au/fees
Generic Skills:	On completion of this subject, teacher candidates will have the knowledge, skills and understanding to enable them to: <ul style="list-style-type: none"> # Be skilled communicators who can effectively articulate and justify their practices as knowledgeable agents of changes. # Understand the significance of developing their practice on the basis of research evidence; # Work in teams with skills in cooperation, communication and negotiation; # Be independent of mind, responsible, resilient, self-regulating.
