

POPH90186 Research Project: Sexual Health

Credit Points:	12.50																					
Level:	9 (Graduate/Postgraduate)																					
Dates & Locations:	2011, Parkville This subject commences in the following study period/s: Semester 1, Parkville - Taught on campus. Semester 2, Parkville - Taught on campus. Supervised project.																					
Time Commitment:	Contact Hours: 36 hours: attendance at a half-day research training skills workshop (week 1 of semester), approximately fortnightly supervisor meetings, attendance at 2 full-day sessions for student oral presentations (week 11: of each semester). Total Time Commitment: 240 hours																					
Prerequisites:	<p>Students must have completed POPH90068 and either POPH90069 or POPH90070. In addition, students enrolling in a social sciences Research Project in Sexual Health must have completed POPH90200 (may be taken concurrently).</p> <p>Alternatively, students enrolling in an epidemiology Research Project in Sexual Health must have completed POPH90146, POPH90147 Epidemiology in Practice (may be taken concurrently)</p> <p>Plus other MPH subjects that are relevant to the proposed research topic. Students entering the MPH from 2011 must have a weighted average mark of at least 70% for all relevant subjects to be eligible to enrol in the research project. Successful research project applicants will be selected on the basis of academic merit.</p> <table border="1" data-bbox="386 947 1485 1382"> <thead> <tr> <th>Subject</th> <th>Study Period Commencement:</th> <th>Credit Points:</th> </tr> </thead> <tbody> <tr> <td>POPH90070 Clinical Sexual & Reproductive Health</td> <td>March</td> <td>12.50</td> </tr> <tr> <td>POPH90068 Sexually Transmissible Infections</td> <td>Semester 2</td> <td>12.50</td> </tr> <tr> <td>POPH90069 Sexual and Reproductive Health</td> <td>Semester 1</td> <td>12.50</td> </tr> <tr> <td>POPH90200 Principles of Social Research Design</td> <td>February</td> <td>12.50</td> </tr> <tr> <td>POPH90146 Study Design in Epidemiology</td> <td>May</td> <td>12.50</td> </tr> <tr> <td>POPH90147 Epidemiology in Practice</td> <td>August</td> <td>12.50</td> </tr> </tbody> </table>	Subject	Study Period Commencement:	Credit Points:	POPH90070 Clinical Sexual & Reproductive Health	March	12.50	POPH90068 Sexually Transmissible Infections	Semester 2	12.50	POPH90069 Sexual and Reproductive Health	Semester 1	12.50	POPH90200 Principles of Social Research Design	February	12.50	POPH90146 Study Design in Epidemiology	May	12.50	POPH90147 Epidemiology in Practice	August	12.50

Subject Overview:	Students will develop a research question in the discipline of sexual health and attempt to answer the question either by a systematic review of the published and unpublished literature or by the analysis of an existing data set, or by the development of a research protocol.
Objectives:	At the end of this subject, students are expected to be able to: <ul style="list-style-type: none"> # Develop a research question that can be addressed by analysing existing data or by developing an appropriate research protocol # Justify the research question using available evidence # Summarise, analyse and interpret research findings # Write reports suitable for use by public health practitioners or write manuscripts for publication
Assessment:	A 15 minute work in progress oral presentation due during the 11th week of the first semester of enrolment (10%) a 30 minute final oral presentation due during the 11th week of the second semester of enrolment (20%); a written submission, suitable for publication of between 5,000 and 8,000 words due during the examination period of the second semester of enrolment (70%). Students must pass the written research report assessment (hurdle).
Prescribed Texts:	None
Recommended Texts:	None
Breadth Options:	This subject is not available as a breadth subject.
Fees Information:	Subject EFTSL, Level, Discipline & Census Date, http://enrolment.unimelb.edu.au/fees
Generic Skills:	Upon completion of this subject, students will have developed skills in: <ul style="list-style-type: none"> # Critical thinking and analysis, # Problem-solving, # Oral communication, # Written communication, # Finding, evaluating and using relevant information.
