

Environmental Geographies, Politics and Cultures major

Year and Campus:	2012							
Coordinator:	Dr Peter Christoff							
Contact:	Email: peterac@unimelb.edu.au (mailto:peterac@unimelb.edu.au)							
Overview:	<p>The Environmental Geographies, Politics and Cultures major focuses on the relationship between human activities and the natural and built environment, humanity's changing relationship with the natural environment, and with the natural 'resources' that we both need and use. Contemporary political disputes, for example, have much to do with long-held concerns over energy supplies, water, land and food.</p>							
Objectives:	<p>By the end of a three year Bachelor of Environments degree with an Environmental Geographies, Politics and Cultures major, students will have developed a base of knowledge in natural systems, political economy, and cultural politics, providing students with the skills and conceptual frameworks needed to understand complex processes shaping the world around us. For more information visit: www.benvs.unimelb.edu.au (http://www.benvs.unimelb.edu.au/)</p>							
Structure & Available Subjects:	112.5 points (9 subjects) of Environmental Geographies, Politics and Cultures subjects.							
Majors/Minors/Specialisations	<p>Course planning for an Environmental Geographies, Politics and Cultures major</p> <p>A major in Environmental Geographies, Politics and Cultures in the Bachelor of Environments consists of:</p> <ul style="list-style-type: none"> # 112.5 points (9 subjects) of Environmental Geographies, Politics and Cultures subjects; # 25 points (2 subjects) of core first year subjects (Natural Environments and Reshaping Environments). <p>This is in addition to elective subjects and breadth subjects to make up the 300 points required for the degree. Specific details of the Bachelor of Environments course structure can be found at:</p> <p>https://handbook.unimelb.edu.au/view/current/B-ENVS (../view/current/B-ENVS)</p>							
Subject Options:	<p>The following description of the Environmental Geographies, Politics and Cultures major aligns with the Study Plan Structure viewable on the Portal for students who commenced the Bachelor of Environments in 2011 or later.</p> <p>The components within the structure of this major have been designed to enforce the requirements of both this specific major and of the course overall, e.g. the requirement that at least 62.5 points of Environments discipline subjects (which can include subjects taken within the major) are taken at each of Level 2 and Level 3.</p> <p>It is strongly recommended that students refer to the full description of this major.</p> <p>The layout of this description is not necessarily in the order in which subjects are taken.</p> <p>E.g. breadth subjects should be taken in a student's first year and the information on breadth is displayed at the end of this entry.</p> <p>Students who commenced the Bachelor of Environments prior to 2011 should also refer to this description for the 9 subjects (112.5 points) required for the major. These students will need to complete 225 Environments Discipline subjects including a major sequence but are not bound by minimum requirements for total Environments Discipline subjects at Level 2 and Level 3. Refer to the B-ENVS entry in the 2010 Handbook (../view/2010/B-ENVS) for further details.</p> <p>Level 1 Core subjects - Bachelor of Environments (25 points)</p> <p>Core subjects that must be taken by all Bachelor of Environments students.</p> <p>Both of</p> <table border="1" style="width: 100%; border-collapse: collapse;"> <thead> <tr> <th style="width: 60%;">Subject</th> <th style="width: 20%;">Study Period Commencement:</th> <th style="width: 20%;">Credit Points:</th> </tr> </thead> <tbody> <tr> <td style="height: 20px;"> </td> <td> </td> <td> </td> </tr> </tbody> </table>		Subject	Study Period Commencement:	Credit Points:

There is also one Level 1 subject that can also contribute to this major (i.e. as an elective in the major that counts as one of the 9 subjects)

Students interested in taking this subject should include the subject in the Free Points component of their study plan. It can take the place of another subject within the composition of this major but cannot be added to the major in the study plan. Students will need to ensure that they complete at least 62.5 points of Environments discipline subjects (which can include subjects within the major) at each of Level 2 and Level 3.

Subject	Study Period Commencement:	Credit Points:
GEOG10001 Famine in the Modern World	Semester 1	12.50

N.B. Students wishing to substitute either one or two Level 2 electives within this major for Level 3 electives, or one or two Level 3 electives within this major for Level 2 electives will be able to do so. An appropriate adjustment to the Level 2 and Level 3 Environments electives (below) can be made for individual students to ensure that within the Bachelor of Environments course the minimum points requirements for Environments discipline subjects are met (i.e. at least 62.5 points at Level and at least 62.5 points at Level 3).

Contact the **Eastern Precinct Student Centre** (<http://www.studentcentre.unimelb.edu.au/eastern>) for assistance.

Level 2 Environments elective subject (12.5 points)

Select one x 12.5 point subject at Level 2 from the list of **Environments Discipline subjects** (<http://www.unimelb.edu.au/current/21B-ENVS-SPC%2B1000>)

Level 2 or Level 3 Environments elective subjects (25 points)

Select two x 12.5 point subjects at Level 2 or Level 3 from the list of **Environments Discipline subjects** (<http://www.unimelb.edu.au/current/21B-ENVS-SPC%2B1000>)

Breadth subjects

Bachelor of Environments students must complete between 50 and 75 credit points of subjects selected from those available as breadth for Bachelor of Environments students; with no more than 37.5 points at Level 1. For a complete listing of available subjects please click the 'Find breadth subjects' link on the **Handbook homepage** (<http://www.unimelb.edu.au/handbook>) and perform a search.

The breadth requirements for the Bachelor of Environments include the restriction of some subjects as breadth options, depending on an individual student's choice of major. Subjects in the Handbook that are marked as available as breadth in the Bachelor of Environments may be subject to further restrictions, depending up which major a student is completing in that course. Detailed information on these **Restrictions for Breadth Options** (<http://www.unimelb.edu.au/current/21B-ENVS-SPC%2B1001>) is available.
