

621EE Bachelor of Engineering (IT) Electrical Engineering/Bachelor of Arts

Year and Campus:	2012
Fees Information:	Subject EFTSL, Level, Discipline & Census Date, http://enrolment.unimelb.edu.au/fees
Level:	Undergraduate
Duration & Credit Points:	500 credit points taken over 60 months
Coordinator:	-
Contact:	<p>Melbourne School of Engineering Ground Floor, Old Engineering (Building 173)</p> <p>Current Students: Email: 13MELB@unimelb.edu.au (mailto:13MELB@unimelb.edu.au) Phone: 13 MELB (13 6352) +61 3 9035 5511</p> <p>Prospective Students: Email: eng-info@unimelb.edu.au (mailto:eng-info@unimelb.edu.au) Phone: + 61 3 8344 6944</p>
Course Overview:	PLEASE REFER TO <u>957-EE Bachelor of Engineering (Electrical) and Bachelor of Arts</u> (../view/2012/957EE)
Objectives:	<p>The Bachelor of Arts has as its objectives that graduates:</p> <ul style="list-style-type: none"> # can demonstrate a sound knowledge and understanding of selected fields of studies in the humanities, languages and social and behavioural sciences; # can access and appreciate national and international debates in their areas of study; # can demonstrate an independent approach to knowledge that uses rigorous methods of inquiry and appropriate theories and methodologies that are applied with intellectual honesty and a respect for ethical values; # can apply critical and analytical skills and methods to the identification and resolution of problems within a changing social context; # can act as informed and critically discriminating participants within the community of scholars, as citizens and in the work force; # can communicate effectively and, in the case of those students undertaking a language major, are able to read, write and speak another language with fluency and appreciate its cultural context; # qualify for employment in a wide range of occupations; # have a continuing commitment to learning; # are proficient in the use of appropriate modern technologies, such as the computer and other IT systems, for the acquisition, processing and interpretation of data.
Course Structure & Available Subjects:	<p>To complete the combined Bachelor of Arts / Bachelor of Engineering (IT) degrees you must complete subjects from both degrees to a minimum of 500 points or five full time years of study. Each degree component requires the completion of both an minimum and maximum number of points from each faculty within the total of 500 points. No subject can be counted towards both degrees.</p> <p>A combined degree involves completing fewer subjects or points than is both degrees were completed separately.</p> <p>You cannot be awarded one component of your combined degree upon completion of the minimum requirements for that component. In other words, you must complete all the requirements for both components before you are eligible to graduate from either. If you discontinue either component of your combined course, you must complete the full requirements of the remaining degree (ie. the full amount of points required for the remaining single degree, for example 300 points for the BA).</p> <p>You are expected to be familiar with the course requirements of both of the components of your degree.</p>

FOR ENGINEERING REQUIREMENTS PLEASE REFER TO 957-EE Bachelor of Engineering (Electrical) and Bachelor of Arts (.J../view/2012/957EE)

Subject Options:

All students in the Bachelor of Arts and bachelor of Engineering (IT) are required to complete 200 points of Arts subjects of which;

- # 50 points must be taken at first year level;
- # 75 points must be taken at second year level and;
- # 75 points must be taken at third year level.

As well as the completion of 200 points of BA study, four further basic rules apply;

Breadth of study requirements:

No more than 150 points may taken in any one area of study. This consists of a maximum of 25 points at first year level and 125 points at second/third year level.

Subject year level entry requirements:

Level one subjects: Most level one subjects do not have prerequisites apart from admission to a degree or diploma course. However, some language streams require the completion of VCE or IB language study and/or completion of a placement test. This must be done *before* you enrol. *Level one subjects are not available to students enrolled in fourth-year honours, postgraduate certificates, postgraduate diplomas, or masters programs. Level one subjects cannot be credited to level two or three of the BA or BA combined degrees.*

Level two subjects Students should complete the level one requirements of their degree before enrolling in a level two subject. Students **must** complete at least 50 points of level one (four subjects) in order to enrol in a level two or two/three subject. *Level two subjects are not available to students enrolled in fourth-year honours, postgraduate certificates, postgraduate diplomas, or masters programs. Level two subjects cannot be credited to level one or three of the BA or BA combined degrees.*

Level three subjects Students should complete the level two requirements of their degree before enrolling in a level three subject. Students must complete at least 25 points of level two (usually two subjects) in order to enrol in a level three subject. *Level three subjects are not available to students enrolled in fourth-year honours, postgraduate certificates, postgraduate diplomas, or masters programs. Level three subjects cannot be credited to level one or two of the BA or BA combined degrees.*

Level four subjects are not available to students enrolled in undergraduate degrees, concurrent certificates, concurrent diplomas, graduate certificates, graduate diplomas or one-year masters programs. Level five subjects are not available to students enrolled in undergraduate degrees, concurrent certificates, concurrent diplomas, graduate certificates, or graduate diplomas.

Subject level rules apply to students in combined Arts degrees.

Language study restrictions:

The study of languages is encouraged in BA combined degrees, and language learning can be one outcome of the arts component, which allows for study of one language. As the BA also seeks to provide a broad base of learning in the humanities and social sciences, therefore a second language is not permitted for credit within the arts component of BA combined degrees.

Arts-approved subject requirements:

All arts subjects undertaken in this BA must be from the following arts-approved study areas. Non-arts approved subjects cannot be completed in a combined degree, even if they are included as part of a major.

all language subjects
 American studies
 Ancient, Medieval and Early Modern Studies (some non-arts approved subjects included)
 Anthropology
 Art History
 Asian Studies (some non-arts approved subjects included)
 Australian Indigenous Studies (some non-arts approved subjects included)
 Australian Studies
 Cinema Studies
 Classical studies and Archaeology
 Creative Writing
 Criminology
 Cultural Studies

	<p>Development Studies (some non-art approved subjects included) English Literary Studies English as a Second Language English Language Studies Environmental Studies (some non-arts approved subjects included) European Studies Gender Studies Geography Hebrew and Jewish Studies History History and Philosophy of Science International Studies Islamic Studies Linguistics and Applied Linguistics Philosophy Planning and Design Political Science Psychology Social Theory Socio-legal Studies Sociology Theatre Studies</p> <p>For full descriptions of each major, see the handbook entry for the Bachelor of Arts (105 AA).</p> <p>All students are responsible for planning a course that satisfies course requirements.</p>
<p>Entry Requirements:</p>	<p>There is no further entry into this combined course.</p>
<p>Core Participation Requirements:</p>	<p>The Bachelor of Arts requires a standard level of ability across all disciplines. It will be assumed students are able to access and attend classes on a regular basis, are capable of learning in a University environment and will be able to take responsibility for their own learning. Any ability beyond this threshold will be robustly supported through the curriculum. There are no pre-requisites for first year subjects, and any intensive use of IT or technologies will be adequately supported. Certain subjects have more specific requirements and demands, such as fieldwork or travelling, which are clearly outlined in the subject description. The University is dedicated to provide support to those with special requirements. The Faculty Disability Contact Officer works with students, the University Disability Liaison Unit and teaching staff to assist students with their special requirements, with a particular focus on accommodations for in-class and examination assessment tasks. Further details on the disability support scheme can be found at the Disability Liaison Unit website.</p>
<p>Further Study:</p>	<p>Honours Depending on your major area of study, you have the option of applying for an Honours year after you complete the BA, which will include a research project. For more information on entry to Honours, see the Arts webpage (http://www.arts.unimelb.edu.au/futurestudents/programs/Honours.html) .</p> <p>Coursework Masters If you wish to continue your professional studies at postgraduate level, the studies you undertake in your major can provide a direct pathway to Coursework Masters Degrees in areas such as editing, media and communications, public policy and management, international studies, arts management, development studies and many more. Entry is based on academic merit and in most cases requires a Bachelors degree or equivalent in the relevant study area. You will also be well-prepared to undertake a Melbourne Model Graduate Professional Degree in areas such as law, teaching and commerce.</p> <p>For more information on entry into a coursework masters degree, see the Arts coursework programs webpage (http://www.arts.unimelb.edu.au/futurestudents/programs/pg-programs.html) , or the University graduate programs webpage (http://www.futurestudents.unimelb.edu.au/grad/) .</p> <p>Research Higher Degrees If you wish to undertake advanced research and explore particular study areas in more depth, there will be opportunities to proceed to a range of Research Higher Degrees at masters and</p>

	doctoral level. For more information about research higher degree study in Arts, see the Arts webpage (http://www.arts.unimelb.edu.au/futurestudents/research/) .
Graduate Attributes:	See course objectives
Generic Skills:	<p>Arts students are encouraged to pursue their academic interests and professional aspirations by taking a variety of subjects in a range of different areas of study. All arts subjects provide students with transferable generic skills that prepare them for further study and the workplace.</p> <p>As a result of attendance at scheduled classes, participation in planned activities and discussion groups, and timely completion of essays and assignments, arts graduates should acquire transferable generic skills in the following areas:</p> <ul style="list-style-type: none"> # research through competent use of the library, electronic databases, and other information sources, and the definition of areas of inquiry and methods of research; # critical thinking and analysis through recommended reading, essay writing and tutorial discussion, and by determining the strength of an argument; # thinking in theoretical terms through lectures, tutorial discussion, essay writing and engagement in the methodologies of the humanities and social sciences; # thinking creatively through essay writing, creative writing, tutorial discussions and presentations, conceptualising theoretical problems, forming judgements and arguments from conflicting evidence and by critical analysis; # understanding of social, ethical and cultural context through the contextualisation of judgements, developing a critical self-awareness, being open to new ideas and possibilities and by constructing an argument; # communicating knowledge intelligibly and economically through essay writing and tutorial and seminar discussion; # written communication through essay preparation and assignment writing; # public speaking through tutorial and seminar discussion and class presentations; # attention to detail through essay preparation and writing, and examination revision; # time management and planning through managing and organising workloads for recommended reading, essay and assignment completion and examination revision; # teamwork through joint projects and group discussions.
