Subject Overview:	Classical Political Economy and Economic Liberalism The focus of the subject will be on Classical Political Economy and the inter-play of political and economic ideas. The central figures of this school, Adam Smith, Thomas Robert Malthus, David Ricardo, and Karl Marx, are studied with the purpose of uncovering these ideas and assessing their relevance for the modern world. Particular emphasis is placed on relating the methods, concepts, and conclusions of the classical economists to those of modern mainstream economic theory and contemporary views on the role of the State in economic affairs. Students will be expected to read original works as well as secondary literature.						
Objectives:	On completion of this subject students should be able to: # read and understand the primary sources referred to in the subject						

	<ul style="list-style-type: none"> # critically evaluate the ideas of the writers referred to in the subject # see that economic ideas and social philosophy are inter-related # see contemporary economic and political ideas in historical perspective
Assessment:	A 2-hour end-of-semester examination (50%) and assignments, essay and seminar presentations totalling not more than 5000 words (50%).
Prescribed Texts:	G. Buchholz and Martin Feldstein, <i>New Ideas From Dead Economists</i> , Penguin/Plume, 2nd ed 2007 OR Robert Heilbroner, <i>The Worldly Philosophers</i> , Touchstone, 1999.
Breadth Options:	This subject is not available as a breadth subject.
Fees Information:	Subject EFTSL, Level, Discipline & Census Date, http://enrolment.unimelb.edu.au/fees
