Subject Overview:	This subject consists of a three-week field trip to China in July with some pre-departure seminars in Melbourne and information sessions in Semester 1. The subject is designed to develop students' interests in Asia, in China in particular, and in the impacts of economic and social development on the environment. While in China, students will interact with local academics and environmental managers who will inform them about issues and processes in China. This will be supplemented by site visits. The field trip will be under the supervision of the subject coordinators. Students are responsible for the cost of airfares, accommodation and food.								
Objectives:	<ul style="list-style-type: none"># have become familiar with environmental conditions in a society undergoing rapid economic and social change# have become familiar with the social and economic transformation of contemporary China# have acquired an understanding of methods of research and fieldwork in non-Western societies.# have designed and executed a research project based on field observation								

	# have learnt to work effectively in groups.
Assessment:	Original field notes in either Chinese or English (10%) (due last day in China), field-evidence based essay 3000 words (40%) (due the third Friday of semester 2) and your own group project report (arising from group project work) of 5000 words, 50% (due the first Monday after the non-teaching week).
Prescribed Texts:	N/A
Breadth Options:	This subject is not available as a breadth subject.
Fees Information:	Subject EFTSL, Level, Discipline & Census Date, http://enrolment.unimelb.edu.au/fees
Generic Skills:	<p># develop field-based and cross-cultural research skills</p> <p># illustrate a good understanding of the impacts of economic and social development on the environment in a society undergoing rapid economic and social change</p> <p># work effectively in a teamwork situation</p>
Notes:	<p>This is a quota subject. Students should fill the China Field class quota form and send it back to Receptionist, Department of Resource Management and Geography (the office at 221 Bouverie St) or Associate Professor Mark Wang – Dept of Resource Management and Geography, The University of Melbourne, 221 Bouverie Street, Carlton VIC 3053 before the first Monday in teaching Semester one, normally early March.</p> <p>Quota forms can be obtained from the reception desk, ground floor, 221 Bouverie St or via the Geography program web page (http://www.landfood.unimelb.edu.au/rmg/geography/fieldwork/china.html).</p> <p>A limited number of students will be selected for this subject on the basis of academic merit, subject to meeting the prerequisites listed below, or to demonstrating other appropriate qualifications for selection. Associate Professor Mark Wang will advise you in writing of the outcome of your application in the 2nd or 3rd week of Semester one.</p> <p>Students who have completed 121-433 China Field Class may not enrol in this subject.</p> <p>Students enrolled in the BSc (both pre-2008 degree and new degrees), or a combined BSc course (except for the BA/BSc) may receive Science credit on the completion of this subject.</p>
