Graduate Attributes:	The program is built on the premise that students coming into the program will have a firm foundation of disciplinary knowledge and analytical skills, and will bring with them a diversity of educational and life experiences. The program will emphasise the importance of the research evidence base as a foundation for excellent educational practice, as well as developing further the students' capacity for critical inquiry and professional reflection. Underpinning the program is a strong partnership with early childhood settings and schools and with educational systems that will support the intelligent engagement in professional practice at an advanced level. Special emphasis will be placed on the students' capacity to teach the diverse range of students, and to promote equity in education. Students will have the opportunity to undertake teaching practice in international settings, which will enhance their cultural awareness and expand their understanding of global education. They will understand the policy landscape and the processes for making policy at school and system level, so that they can intervene and justify producing change.
Professional Accreditation:	The primary stream of the Master of Teaching will provide graduates with provisional registration with the Victorian Institute of Teaching
