Subject Overview:	This subject considers the musical, acoustic and practical factors that combine to make a successful classical guitar arrangement. Through the theoretical examination of existing scores, practical exploration and performance, students will gain a thorough understanding of arranging for classical guitar.
Objectives:	On completion of this subject students should be able to: <ul style="list-style-type: none"> # demonstrate an understanding of the acoustical and musical limitations which are important for successful classical guitar arranging; # effectively analyse and discuss existing literature demonstrating a clear understanding of the principles of arranging for classical guitar; # create a classical guitar arrangement; and # identify and make informed decisions, through rehearsal and performance, about the key factors influencing the arranging process.
Assessment:	Arrangement for classical guitar, with a minimum of 3 parts, of 4-8 minutes duration. Draft of first half of score due week 6 (25%); draft of second half of score due week 8 (25%); completed score and parts due week 10 (20%); performance of arrangement at the end of semester (30%). 100% attendance is expected, less than 80% will result in a fail in the subject.
Prescribed Texts:	A reading package will be available on the LMS prior to the commencement of the subject.

Breadth Options:	This subject is not available as a breadth subject.
Fees Information:	Subject EFTSL, Level, Discipline & Census Date, http://enrolment.unimelb.edu.au/fees
Generic Skills:	Upon completion of this subject students should be able to: <ul style="list-style-type: none"># demonstrate skills in evaluative thinking, and in the application of theoretical ideas to practical outcomes;# demonstrate skills in cooperation, communication and negotiation that allow for effective working in groups for performance.
