Core Participation Requirements:	It is University policy to take all reasonable steps to minimise the impact of disability upon academic study, and reasonable adjustments will be made to enhance a student's participation in the University's programs. Students who feel their disability will impact on meeting the requirements of this course are encouraged to discuss this matter with a Faculty Student Adviser and the Disability Liaison Unit.
Coordinator:	Prof Denise Grocke
Contact:	Contact Centre T: 13 MELB (6352) E: 13melb@unimelb.edu.au (mailto:13melb@unimelb.edu.au) Melbourne Conservatorium of Music VCA and Music Student Centre Contact: www.vcam.unimelb.edu.au/contact (http://www.vcam.unimelb.edu.au/contact) Web: www.conservatorium.unimelb.edu.au (http://www.conservatorium.unimelb.edu.au/)
Subject Overview:	This subject provides student with clinical experience of music therapy. Placements will be under the guidance of a registered music therapist. The placement will include an orientation to the facility, observation of clients and responses to music therapy interventions, and implementation of basic program design and evaluation. Tutorials will focus on the provision of information about the discipline of music therapy and discuss basic professional expectations.
Objectives:	On completion of this subject, students should be able to: <ul style="list-style-type: none"> # Adapt learned music therapy skills to a client population; # Identify and apply appropriate ethical standards of practice; # Access research literature using IT resources and print journals; # Work as an informed team-member within the multidisciplinary team # Construct a clinical report using accepted research guidelines.

Assessment:	On Campus Students: A written assignment of 3,000 words, comprising either a case study or a group project (60%) due at the end of semester; clinical training assessment (30%) completed by supervisor at the end of semester; class presentation (10%) given during the semester. Blended Learning Students: A written assignment of 3,000 words, comprising either an individual or group case study (60%) due at the end of semester and submitted on-line; clinical training assessment (30%) completed by supervisor at the end of semester; 20-minute class presentation (10%) given during the intensive study weekends during semester.
Prescribed Texts:	Wheeler, B. L., Shultis, C. L. & Polen, D. W. (2005). Clinical Training Guide for the Student Music Therapist. Gilsum, NH: Barcelona Publishers. For Blended Learning Delivery: Resources available on the LMS will include information about assessment requirements and intensive weekends.
