<b>Subject Overview:</b>	Students will develop and address a research question in an area of Global Public Health which can be answered by a critical review of the published and unpublished literature, by the analysis of an existing data set or the development of a research protocol. Supervisors will be health professionals in active practice in global health.
<b>Objectives:</b>	At the end of this subject, students are expected to be able to: <ul style="list-style-type: none"> <li># Develop a research question on a global health theme,</li> <li># Justify the research question using available evidence,</li> <li># Summarise, analyse and interpret research findings,</li> <li># Write reports suitable for use by public health practitioners or write manuscripts for publication.</li> </ul>
<b>Assessment:</b>	An oral presentation of 15 minutes (10 minute presentation, 5 minutes questions), due during the fifth week of semester (15%); an oral presentation of 20 minutes (15 minutes presentation, 5 minutes questions), due during the eleventh week of semester (20%); a written research report of 5000 to 8000 words, due during the examination period (65%). Students must pass the written research report (hurdle).
<b>Prescribed Texts:</b>	None
<b>Recommended Texts:</b>	None
<b>Breadth Options:</b>	This subject is not available as a breadth subject.
<b>Fees Information:</b>	Subject EFTSL, Level, Discipline & Census Date, <a href="http://enrolment.unimelb.edu.au/fees">http://enrolment.unimelb.edu.au/fees</a>
<b>Generic Skills:</b>	Upon completion of this subject, students will have developed skills in: <ul style="list-style-type: none"> <li># Critical thinking and analysis,</li> <li># Initiative, autonomy and organization,</li> <li># Problem-solving,</li> <li># Finding, evaluating and using relevant information,</li> <li># Oral communication,</li> <li># Written communication.</li> </ul>
