

POPH90224 Research Project: Sexual Health

Credit Points:	25																																																			
Level:	9 (Graduate/Postgraduate)																																																			
Dates & Locations:	2012, Parkville This subject commences in the following study period/s: July, Parkville - Taught on campus. Semester 1, Parkville - Taught on campus. Supervised Project completed in one semester.																																																			
Time Commitment:	Contact Hours: 36 hours: attendance at a half-day research training skills workshop (week 1 of semester), approximately fortnightly supervisor meetings, attendance at a half-day session of student presentations (week 5), attendance at two full day sessions for student oral presentations (week 11). Total Time Commitment: 240 hours

	POP90070 Clinical Sexual & Reproductive Health	March	12.50
	POP90069 Sexual and Reproductive Health	Semester 1	12.50
Corequisites:	None		
Recommended Background Knowledge:	None		
Non Allowed Subjects:	None		
Core Participation Requirements:	For the purposes of considering request for Reasonable Adjustments under the Disability Standards for Education (Cwth 2005), and Students Experiencing Academic Disadvantage Policy, academic requirements for this subject are articulated in the Subject Description, Subject Objectives, Generic Skills and Assessment Requirements of this entry. The University is dedicated to provide support to those with special requirements. Further details on the disability support scheme can be found at the Disability Liaison Unit website.		
Coordinator:	Dr Henrietta Williams		
Contact:	Melbourne Sexual Health Centre University of Melbourne Tel: +61 3 9341 6249/6200 Fax: +61 3 9347 6757 Email: HWilliams@mshc.org.au OR Academic Programs Office Melbourne School of Population Health Tel: +61 3 8344 9339 Fax: +61 3 8344 0824 Email: sph-gradinfo@unimelb.edu.au		
Subject Overview:	Students will develop a research question in the discipline of sexual health and attempt to answer the question either by a systematic review of the published and unpublished literature or by the analysis of an existing data set, or by the development of a research protocol.		
Objectives:	At the end of this subject, students are expected to be able to: <ul style="list-style-type: none"> # Develop a research question that can be addressed by analysing existing data or by developing an appropriate research protocol # Justify the research question using available evidence # Summarise, analyse and interpret research findings 		

	# Write reports suitable for use by public health practitioners or write manuscripts for publication
Assessment:	An oral presentation of 15 minutes (10 minute presentation, 5 minutes questions), due during the fifth week of semester (15%); an oral presentation of 20 minutes (15 minutes presentation, 5 minutes questions), due during the eleventh week of semester (20%); a written research report of 5000 to 8000 words, due during the examination period (65%). Students must pass the written research report (hurdle).
Prescribed Texts:	None
Recommended Texts:	None
Breadth Options:	This subject is not available as a breadth subject.
Fees Information:	Subject EFTSL, Level, Discipline & Census Date, http://enrolment.unimelb.edu.au/fees
Generic Skills:	Upon completion of this subject, students will have developed skills in: <ul style="list-style-type: none"> # Critical thinking and analysis, # Problem-solving, # Oral communication, # Written communication, # Finding, evaluating and using relevant information.
