Subject Overview:	The subject provides an overview of the key elements of policy analysis and policy organization using an integrated design perspective. Key theoretical models are used to equip students to develop an analytical framework for conducting a detailed policy analysis including rational action problems, collective action issues, institutional analysis and use of a governance perspective.
Objectives:	<ul style="list-style-type: none"> # have developed high level skills in policy analysis. # have developed capacities to analyze the context in which policies are developed and implemented. # have developed a research capacity suitable for high level policy analysis. # have developed the capacity to review and critique the various sources of data used in policy analysis. # have developed a high level understanding of the principles of governance and administration as they apply to public policy.
Assessment:	A desk review article of 2500 words (25%) due early in the semester, a policy review brief of 1500 words (15%) due in September, a class test of 2000 words (20%) due in October and a policy design strategy paper of 4000 words (40%) due in the examination period. Hurdle Requirement: As this is an Intensively-taught subject, Lecture/Seminar attendance is compulsory on all 4 days. Students who fail to meet this hurdle requirement will be deemed ineligible to submit the final piece of assessment for this subject. Regular participation in class is required. Assessment that is submitted after the due date and up to 10 working days late without an approved extension will be marked on a pass/fail basis only. Assessment that is submitted later than 10 working days will not be accepted or marked. In-class tasks missed without approval will not be marked. All pieces of written work must be submitted to pass this subject.
Prescribed Texts:	A subject reader will be available for purchase from the University Bookshop.

Breadth Options:	This subject is not available as a breadth subject.
Fees Information:	Subject EFTSL, Level, Discipline & Census Date, http://enrolment.unimelb.edu.au/fees
Generic Skills:	<ul style="list-style-type: none"> # be able to demonstrate competence in critical, creative and theoretical thinking through essay writing, seminar discussion and presentations, conceptualising theoretical problems, forming judgments and arguments from conflicting evidence, and by critical analysis. # be able to demonstrate proficiency in the application of policy analysis skills to empirical problems. # be able to demonstrate an understanding of the academic protocols of research and presentation.
