

VETS20007 Veterinary Parasitology B

Credit Points:	6.25
Level:	2 (Undergraduate)
Dates & Locations:	2012, Parkville This subject commences in the following study period/s: Year Long, Parkville - Taught on campus.
Time Commitment:	Contact Hours: 21 hours of lectures or seminars and 27 hours of practical work and tutorials. Total Time Commitment: Estimated total time commitment 76 hours (minimum).
Prerequisites:	Nil
Corequisites:	Nil
Recommended Background Knowledge:	Nil
Non Allowed Subjects:	Nil
Core Participation Requirements:	Prospective students are advised to familiarise themselves with the Faculty's Academic Requirements Statement http://www.vet.unimelb.edu.au/docs/CoreParticipationReqs.pdf
Coordinator:	Prof Robin Gasser
Contact:	rbg@unimelb.edu.au
Subject Overview:	Topics include: Other nematodes, trematodes, cestodes and protozoa.
Objectives:	At the end of the sequence Veterinary Parasitology A and Veterinary Parasitology B students completing these subjects should: <ul style="list-style-type: none"> # possess a detailed understanding of the biology of various groups of parasites of domestic animals; possess the essential information on life-cycle of parasites of domestic animals, methods of transmission, epidemiology, mechanisms by which they cause disease, and the immunological response of the host; # possess skills in the techniques by which parasites are recovered from infected hosts; be able to identify the principal parasites of animals on the basis of morphology and location in the host and assign them to genera or species; # be familiar with the concepts of symbiosis and parasitism and principles of pathogenicity of parasitic infections; # be familiar with the mode of action of anti-parasitic drugs, their spectrum of activity and their use in control of parasitic infections; be aware of the public health significance of parasitic zoonoses; # understand how detailed knowledge of biology of parasites identifies options for programs of prevention and control of parasitic infections; and develop further skills in microscopy.
Assessment:	<ul style="list-style-type: none"> • One one-hour written examination at the end of Semester 1 (35%) • One one-hour written examination at the end of Semester 2 (35%) • One 30 minute mid-semester 1 quiz (15%) • One 30 minute mid-semester 2 quiz (15%)
Prescribed Texts:	Nil
Breadth Options:	This subject is not available as a breadth subject.
Fees Information:	Subject EFTSL, Level, Discipline & Census Date, http://enrolment.unimelb.edu.au/fees

Generic Skills:

At the end of the sequence Veterinary Parasitology A and Veterinary Parasitology B students completing these subjects should have:

- # skills in observation and the critical analysis of data; and
- # skills to apply technology to the analysis of biological problems.
