

# Animal Disease Biotechnology (specialisation of Animal Health and Disease major)

<b>Year and Campus:</b>	2013																																																					
<b>Coordinator:</b>	See Animal Health and Disease major																																																					
<b>Contact:</b>	See Animal Health and Disease major																																																					
<b>Overview:</b>	Animal Disease Biotechnology specialisation within the Animal Health and Disease major																																																					
<b>Objectives:</b>	See Animal Health and Disease major																																																					
<b>Structure &amp; Available Subjects:</b>	Completion of 50 points of study at Level 3.
