

Molecular Biotechnology (specialisation of Biotechnology major)

Year and Campus:	2013																																															
Coordinator:	See Biotechnology major																																															
Contact:	See Biotechnology major																																															
Overview:	Molecular Biotechnology specialisation within the Biotechnology major																																															
Objectives:	See Biotechnology major																																															
Structure & Available Subjects:	<p>Completion of 50 points of study at Level 3.</p> <p>There are two streams within this specialisation:</p> <ul style="list-style-type: none"> # Cell and Developmental Biology stream # Genetics stream
